Dysart all-candidates meeting Voters hear from candidates

by Matthew Sitrer

The candidates for municipal office in Dysart were in the limelight at the Northern Lights Performing Arts Pavilion last Friday evening. They were given the opportunity to present a three minute speech. Following the formal portion of the meeting, the floor was opened for questions from the audience of about 100.

Dysart Reeve Murray Fearrey, who has been acclaimed to office, was on hand. He spoke at the end of the evening congratulating the candidates for offering their services to the municipality.

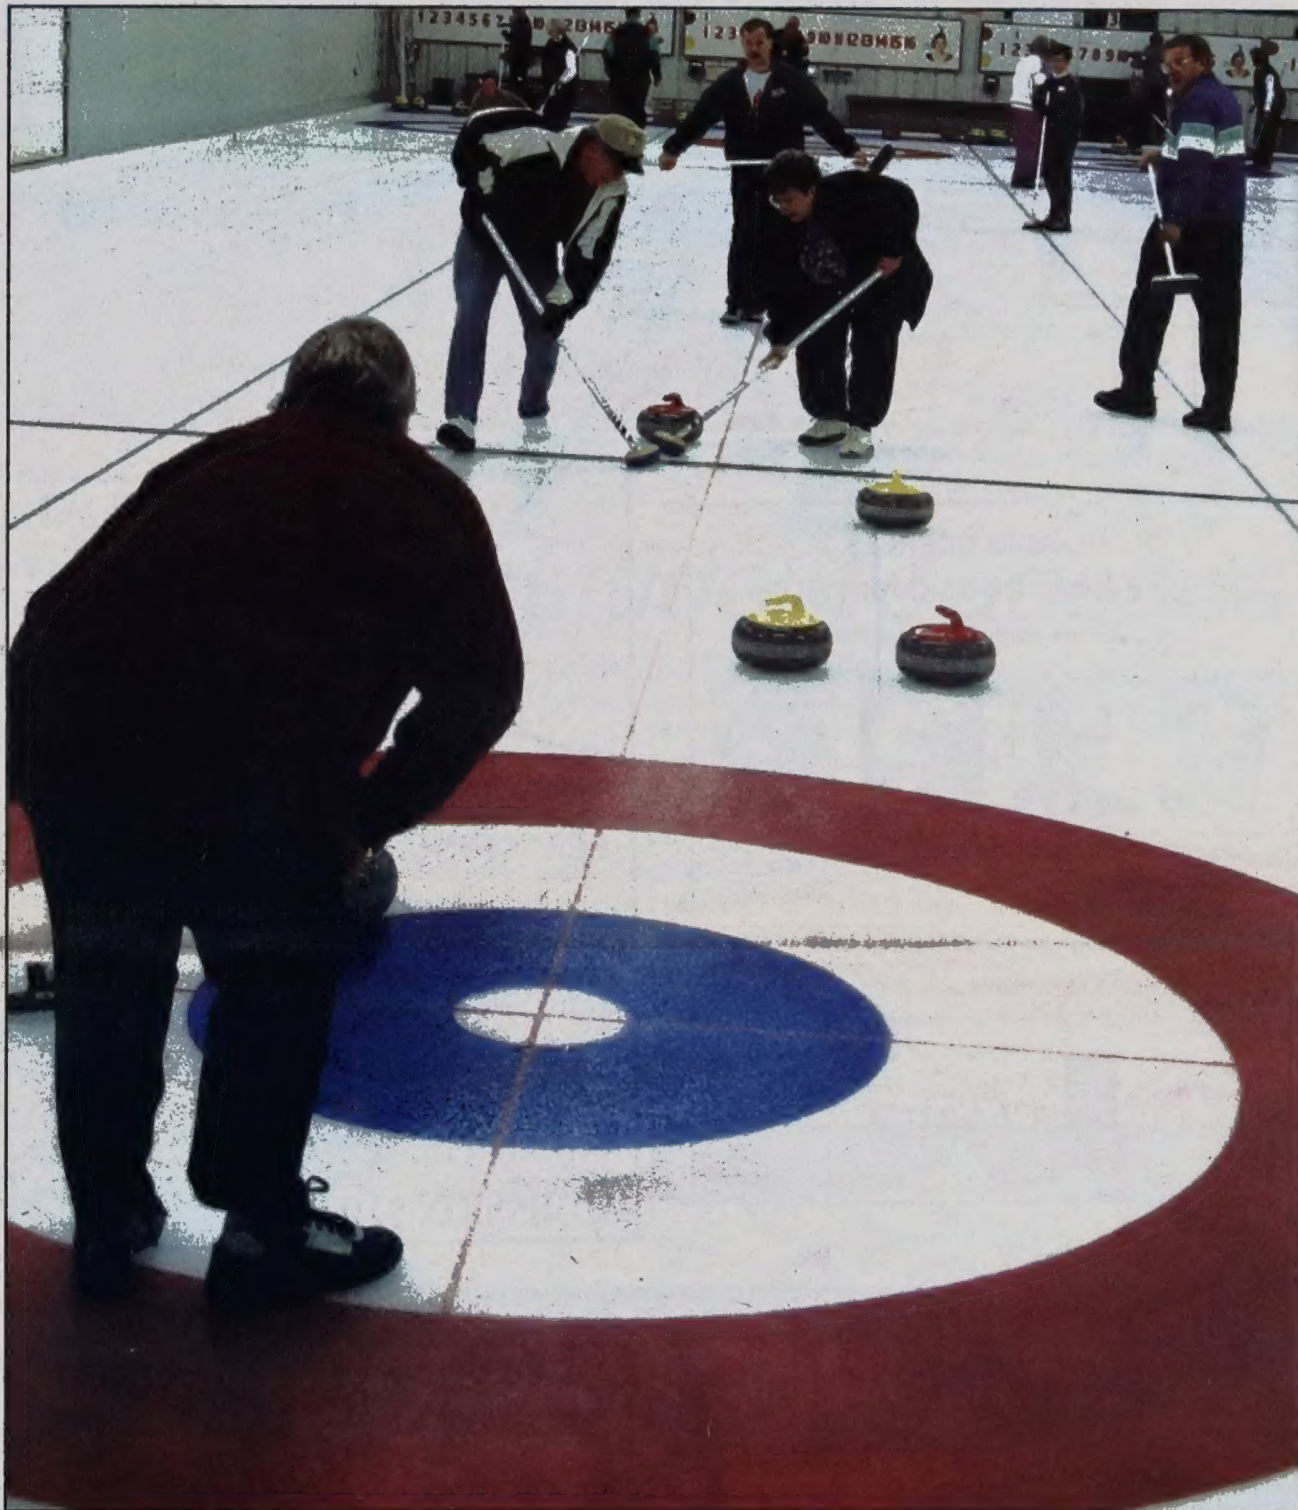

Deputy Reeve Candidates

Deputy Reeve Candidates were the first to the podium. Incumbent Bill Davis addressed the crowd of about 100, with a spirited flurry that rested on his past accomplishments and thoughts about the future. "During the next term of office, the Deputy Reeve will have to be familiar with the County's structure," he said. "He will have to be aware of the concerns of all the residents. I belong to no organization that serves any interest other than the combined interest of all the taxpayers in the municipality."

Davis said the current council has striven to maintain the level of service people require and deserve, exercising good fiscal responsibility in local government. "Dysart has the lowest taxes in the County of Haliburton," he said. "Over the last six years this council has delivered to you a 0% tax increase on the municipal portion of the tax bill, and let me tell you that was no small feat in times of new municipal responsibility." New ideas, initiatives and challenges will face the municipality in the coming years, he intoned. "We must progress, but not at any cost." He concluded, "Serving you has been a pleasure."

Deputy Reeve Candidate Al Ferguson said that if his wife could live with him for the past 29 years, he was sure the municipality could live with him for three. "I want to talk about the challenges I see coming to Dysart over the next few years," he began. "The recent Haliburton County Development Corporation study states that in the next ten years, the number of seasonal residents becoming permanent residents will increase the population of Haliburton

(more on page 3)

THEY'RE BACK ON THE ICE: Teams took to the ice last week at the Minden Curling Club as another season got underway. The club hosts four nights of league curling, and daytime seniors curling throughout the winter months. Above skip Cheryl Murdoch keeps an eye on the progress of the stone as Andy and Joyce Boersma sweep to help guide its progress. Shooter Bob Walli, centre, has followed his rock down the ice to see where it come to rest, hopefully somewhere in the house.

The journey of a lifetime

by Jenn Minto, Student Intern

There will likely be a lot of people heading south this winter, but none are going as far south as one HHSS student.

For local student, Ryan Sisson, that journey south is only a step away, as planning has started for a trip to the planet's frozen frontier, Antarctica. Currently an OAC student at the Haliburton Highlands Secondary School, he has been chosen as one of 100 Canadian students between the ages of 16 and 18 years of

Ryan Sisson

age, to participate in this exploration.

Ryan will be among those who travel on the first Antarctica Millennium Expedition Team adventure which takes place from December 27 to January 8. Travelling with fellow students, support staff and instructors, he will go to the Antarctic Peninsula to begin the journey that once took explorers two years to accomplish.

Despite his youth, Ryan has already gained a high degree of visibility in the community. He has been one of the student leaders in the rehabili-

Campaign 2000

In order to assist our readers in their selections for the municipal election, *The Times* has opened its pages to the candidates. Starting on page 8 and continuing for 12 pages of this edition, readers will find submissions prepared by each of the candidates outlining the reasons they are seeking office. We invite you to read the information carefully so that when your ballots arrive in the mail you will be prepared to respond.

A donation of \$16,468.46 was made to the Haliburton Highlands Health Services Foundation (HHHSF) by the Pinestone Resort Charity Golf Tournament in cooperation with Haliburton Rotary. The Tournament, which was held August 27, attracted hundreds of golfers who pitched in to the fund-raising effort. Pictured from the left are: Foundation manager Dale Walker, organizer Hugh Nichol, Rotary President Linda Shadbolt, Capital campaign chair Don Popple, Pinestone general manager Scott deSavoye, Foundation vice chair Ray Selbie and Foundation treasurer Joanne Camelon.

Candidates explain options for next three years

(from page one)

county by five to six thousand people. A large portion of those will be in Dysart. While this will increase revenue for businesses, it will also increase pressure in a number of key areas."

Ferguson listed landfill sites as an example. "We need to do a better job at recycling and composting material," he said. Hard-topping as many roads as is feasible is something he favours. "To minimize our long term maintenance costs, we must continue this process."

Ferguson said he wanted to see the 9-1-1 process brought to completion. He also addressed tax reduction. "There are two ways to reduce taxes," he said. "Either you reduce expenditures or you increase the tax base. We already run a very efficient municipal operation, so let's focus on increasing the tax base." One of the key ways to do this, he said, is to expand and bring in new business that is appropriate for Haliburton. "By doing this, we will not only increase our tax base but create jobs for our young people."

With defined problem-solving proposals, candidate Gary MacDonald offered his alternatives. "I have a slogan," he announced, "Information is power - when shared."

He proposed a solution to waste management problems in Dysart: Scrap Eco Waste (the incineration system being considered by the municipality). "The suppliers of the system have been in place for five or six years. At present none of these systems are being operated in communities, but are operated in isolated areas," he said. "If one of these units was approved for Haliburton, we would have to go through a full environmental assessment program." The present cost to dispose of the fly-ash from this unit is \$300 a ton, he said. "If this system was adapted, it would deter residents from any type of recycling. I feel we should adapt a clear bag policy and introduce a major recycling program managed by the County of Haliburton."

According to MacDonald, the Industrial Bypass should be extended to

Highway 118 thus reducing traffic congestion to the downtown core, he said. Parking meters should be removed and other means of ticketing should be adopted, he added. As well, major repairs to sidewalks in the downtown core should be replaced with colored concrete or inter-locking bricks which would be user friendly to both the handicapped and seniors.

"Also, we should investigate the use of a product other than sand for the de-icing of sidewalks," he said. As his time slipped away, MacDonald said, "Taxes: with the planned provincial and federal tax reduction, the municipality should come on board and keep the lid on the tax increases - which they have. I say reduce them even more."

Candidate Bob Nichol followed MacDonald saying "the municipality had to decide whether it would go ahead into the future or not. Some of the things I want to see done include seeing the ball diamond replaced by a new one and a soccer field," he said.

He also suggested the Dysart library be moved into the arena where he would have a complex built. "Everybody knows there's been talk about a pool," he continued, "I think that should go in the complex as well."

Parking meters continued to be a theme. "I feel that the parking meters are taking business away from people on the main street," he said. "I'm running for Deputy Reeve because I want to be Reeve in years to come. The choice is yours, either come with me into the future or stay in the present."

COUNCILLORS

Councillor candidates for the various wards spoke next about what they would like to see done should they be elected. Here are some brief comments from each:

Ward 1

Jim Henwood - Outlined his many years on a variety of committees, said he hoped the person the people elect is
(more on page 22)

Expedition to Antarctica on student's agenda

(from page one)

tation project along the Drag River in Haliburton, as well as being involved in various environmental activities and projects in the community. The biggest accomplishments for Ryan have in fact been the successful Drag River Project and the Walleye Watch, both of which have been welcomed by the community.

Ryan has always had a great passion for preserving our environment and with these projects as well as working with the Haliburton Highlands Outdoors Association in conjunction with the Fish Hatchery, he discovered his love for nature and has been stuck with it ever since.

At the Students Activity Council, as Minister of the Environment at HHSS, he does his part for the school. As a result, he was awarded the Sherman E. Taylor Environmental Award Bursary this year, donated by the Canning Lake Property Owners Association for environmental leadership.

After learning about the opportunity to participate in the expedition from his Math teacher, Mrs. Paton, and doing further research on the Internet, he composed his 15 page application with the help of teachers Dave Mowat, Paul Longo and Traci Hubbert, who also wrote letters of recommendation on his behalf. Deanne Wruth and David Flowers, of the Ministry of Natural Resources, contributed as well, as members of the community with whom he has worked.

Once the application was sent off, it became a waiting game. As the days passed, anticipation grew, until, some two and a half weeks after applying, Sisson received word he had been accepted into the expedition.

"When the letter came to say that Ryan had been

accepted," recalls Dave Mowat, "I received a phone call from an ecstatic Ryan. It made me glad, because he really deserves this."

This International Study Course occurs during the Austral summer, when the weather is best and when Antarctica becomes 'home to the greatest concentration of wildlife on earth. The surrounding sea ice has melted enough to allow the ship, called the "Marine Discovery", entry into the awe-inspiring waters filled with millions of penguins, seals, sea birds and whales.

"The amount of media coverage for this expedition, has been phenomenal," Sisson says. "There will be a camera crew there, film-makers from Toronto, who will record the entire expedition." As well as their own cameras, other news crews will be on board to record this Millennium Expedition.

The story has already been featured in the Toronto Star, the Globe and Mail and CBC Radio broadcasts and interviews have aired with expedition leader, Geoff Green.

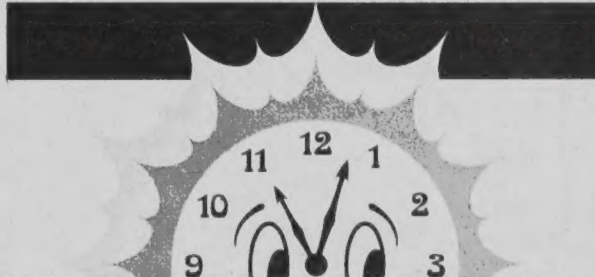

The trip involves not only the opportunity to see an incredible amount of wildlife, but students will also cover the politics in Antarctica as well as issues pertaining to the environment. Global warming and the recent climate change have been the latest and most controversial issues for Antarctica. It is there, in the world's southern most region, that a gaping hole in the protective ozone layer which surrounds the earth has opened.

"From all the hype of the trip," comments Ryan, "I want to be able to share my experiences with everyone or as many people as I can."

Naturally, one of the major concerns of the trip is the cost. Over ten thousand dollars needs to be raised

by him to be able to go on this journey. With a huge amount of support from Mr. Brohman, HHSS Principal, and the entire school, there is a possibility. "It's great to know that you are attending a school that is willing to help you in any way to reach your dreams."

Sisson has applied for money from the Rotary Club and will be dipping into his savings, but is looking for support from the community as well. Promising to be an unforgettably enriching and defining experience for Ryan, he does not want to miss out on this chance to do something that he has always dreamed of. He hopes that people will see the opportunity to create pride in the community by sending him to learn all he can and then bringing it back to share.

Centre helps build dreams

by Jack Brezina, Editor

What do a would-be funeral director, machinery technician, military recruit and hairdresser all have in common?

Well, for the moment they all share a classroom at the Trillium Lakelands Community Learning Centre in Haliburton.

The students at the centre, located in the former Victoria Street School, all share something else: a dream of a better life

Lori Sergeant helps a student with a problem in the school's computer lab.

Laura Willis, right, instructs three students taking part in the upgrading course at the Community Learning Centre in Haliburton.

for themselves and a firm realization that one of the key elements in achieving that dream is improving their education.

There are more reasons the students, who range in age from 16 to 33, have chosen to go back to school. "I'm here because my eleven year old daughter is a lot smarter than me. I want to be able to help her with her education, to know how to operate a computer," a young mother comments. "I want to get my high school diploma and get a better job, another responds, each student eager to make his or her feelings known.

The students are in the academic upgrading section of the school where improvements in

their education standing will open doors to opportunities that all realize are now closed to them. Their reasons for choosing the learning centre are as varied as the dreams they have for the future. Although most are teenagers, they like the "adult atmosphere" that is part of the education centre. Here they can learn at their own pace, the teachers have more time for individual instruction, for specific problems they may be experiencing, and the school schedule is more flexible. "If I have a doctor's appointment, I can take the time for it and not be concerned that I am missing something." One student explains.

The easy going atmosphere means there is less peer pressure. The educational experience occurs in a friendly environment, where extra help not only comes from the teacher but from fellow-students as well.

All these positive aspects come with a trade off, of course. The younger students in particular miss the social activities that are so much a part of high school life. And while the Community Learning Centre does attempt to provide some shared student social activities, the buzz and activity of a building filled with teenagers is obviously missing.

Teacher Laura Willis says

CHRYSLER
Dodge
Jeep

The passion is in the performance.

When you visit your Chrysler, Dodge, Jeep Retailer your vehicle is with some of the most efficient technicians in the business. That's because, collectively, our technicians spend over 10,000 hours a year perfecting their skills with training specific to Chrysler, Dodge or Jeep vehicles while utilizing the latest diagnostic equipment. This equipment is to technicians what an x-ray is to doctors. It allows them to

see inside your vehicle's essential operating systems and pinpoint any problems before even picking up a tool. And, they're designed specifically for DaimlerChrysler vehicles, which means when you take your vehicle in it will be properly diagnosed the first time around. It's our way of making sure the passion for performance that went into creating your vehicle goes into keeping it on the road.

Mopar/Autopar Brake Pads \$99⁹⁵†

When you replace your front-disc brake pads with Mopar/Autopar brake pads, we'll inspect all front brake components including, rotors, calipers, master cylinder, hardware and hoses. We'll even top up the master cylinder with fluid if necessary.

Machining or replacement of rotors and drums, if required, is extra. Some exclusions apply. See your retailer for details.

Fall Maintenance Package

When you bring your vehicle in for fall maintenance, we give you up to five litres of Mopar Oil, Mopar Oil Filter and Lube (where applicable). Next, we rotate four tires, inspect the cooling system, all fluid levels, electrical system, front and rear brakes, plus the exhaust and suspension systems. Then we take it for a road test and report the results.

\$39⁹⁵

Autopar 4SIV Tires

Autopar 4SIV All-Season Steel Radial Tires feature two steel belts, All-Weather M & S rated tread design for dependable traction and a smooth ride, and are "S" speed rated. We carry a complete line of Autopar and Michelin Tires - including winter tires.

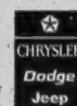

13" tires from \$62⁹⁵*
14" tires from \$76⁹⁵*
15" tires from \$82⁹⁵*

*Includes installation, balancing extra.

Monitoring septic systems

Editorial Letters

One of the issues to emerge in this year's municipal election campaign is the need for some kind of control over the operation and maintenance of private septic systems. In many of the candidate's statements, included in this edition of *The Times*, and in speeches given at meetings over the past few weeks, the suggestion that some form of regular inspection is needed has been heard more than a few times.

The contamination of the drinking water in Walkerton earlier this year is no doubt the event which has brought this issue sharply into focus. However, it is not new to this part of Ontario when discussions about main-

taining water quality are heard. Many municipal politicians have been aware of the need to institute some form of inspection system for a number of years. And certainly, members of the lake association are keenly aware of the importance of ensuring that all septic systems are functioning properly.

While the protection of potable water may be the first and most obvious purpose behind any such effort, in the Haliburton Highlands there is another reason. The area's many lakes and rivers represent a valuable resource. They are a vital part of the reason people find this area so attractive. They provide

recreational opportunities and are interwoven through all ecological and economic aspects of the Highlands. Placing this resource at risk, places almost all aspects of life in the Highlands at risk.

So, we are pleased to hear those seeking municipal office express concerns about the environment and specifically that some kind of monitoring and enforcement of standards for septic systems is being considered. We anticipate that this is more than election rhetoric and a county-wide action plan will be developed quickly in the new year.

jb

Self interest vs conflicts of interest

Editor:

Conflict of interest charges against councillors Valentine and Wahlroth are being tossed about like leaves in an autumn breeze. It seems to me what we have is a conflict of self-interest. Theirs and ours. The two councillors (and how many more on councils across the province?) own waterfront property. The councillors self-interest arises from their desire to either sell, develop or transfer their property. Our self-interest is represented by the ministries of environment and natural resources who advise that Moore Lake is environmentally sensitive (but not closed) to further development. The councillor's self-interest is doubly injured by the township's desire to collect taxes on property we don't want them to develop.

I hold no brief for either Councillor, but this doesn't seem fair. Our self-interest wants them to do nothing with their property except pay taxes on it. Perhaps the solution would be to have regulations preventing serving councillors from applying for severances during their term of office. It might be of interest to the public for *The Times* to publish an article explaining the subject of environmental sensitivity, severances and the difficult position of councillors

faced with this problem.

We elect councillors to serve our self-interest. We have ministries like Environment, Natural Resources and Municipal Boards to serve our self-interest. When the self-interest of elected officials and the public self-

interest come into conflict, what is the result? Back-scratching, collusion, tawdry charges and lingering suspicion. How can this be prevented?

Ed Braithwaite,
East Moore Lake

Minden Hills has appeal

Editor:

What a wonderful decision our transition board made in selecting the name Minden Hills for the new township!

We whose parents, grandparents or great-grandparents were born here, will remember the local names and some of the stories surrounding them. However many outside our county associate only the name Minden with this area.

Many years ago the leaders in Dysart wondered what name to chose for their village, and selected a name that outsiders would know: Haliburton. So they played on the known county name when calling themselves "The Village of Haliburton". We learned from their strategy, but our

choice is much more distinctive.

Now to the truly serious task of selecting people of vision to represent us. Please thank all of those who have decided to stand for office, for our system works well only when a number of experienced candidates step forward. It is not always a pleasant decision as candidates often lose some personal privacy. Invasion of privacy seems an assumed right by those searching for any sign of bias or past errors.

I do hope that candidates that are not elected will be considered for positions on the new township's committees, where they can offer their experience and breadth of view.

Is the wolf endangered in eastern Ontario?

Etcetera

Editor:

I am sure that the people of Eastern Ontario would be surprised and upset to know that wolf populations remain at low levels or are declining here. In other areas of the province, the population of wolves is much healthier and in some parts, the population is actually increasing.

The Ministry of Natural Resources, the government department responsible for the wolf, has not made this decline widely known. With winter fast approaching and the hunting months upon us, I would like to highlight some concerns about the plight of wolves which are unnecessarily, and some would say senselessly, killed either for their fur or simply because they are considered "competitor" animals.

Here in Ontario, there is no closed hunting season for wolves - except for 3 winter months in 3 townships near Algonquin Park. As there are no bag limits on wolves - you may kill as many as you come across. Unfortunately, this also includes pups which hold the key to a healthy population in the future. Wolf numbers have dropped significantly since Europeans first

arrived in Ontario. Currently, there are thought to be less than 8,000 left in the province. This is only a rough estimate - there have been no serious wolf inventories done by the Ministry of Natural Resources.

In truth, there is no wolf management plan for the province - even though the wolf, as a high level predator, is essential to the health of the deer, moose, and beaver populations. This despite the fact that the wolf naturally keeps these prey populations in check.

Unfortunately, European tales and stories such as Little Red Riding Hood and many of Aesop's fables have unfairly painted the wolf in a bad light. In fact, far from being a threat to people, there has never been a documented case of a healthy wild wolf killing a human in North America. In comparison, more than 20 people are killed and 3 million attacked each year by the domestic dog.

It is time that the Ontario government put serious energy and thought into creating a management plan for wolves in Ontario. The open season and lack of a bag limit must be eliminated.

Will Eastern Ontario too lose the noble wolf as many European countries have? Our neighbour to the south, so recently without the wolf, lists the wolf as an endangered species and even has begun successful reintroduction programs in the western states. Why does our own government take such an opposite view to the status of the wolf? Surely the time for the government of Ontario to act to preserve the wolf is now!

Richard Brooks,
Earthroots,
Wolves Ontario! Coordinator.

The rules

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy. Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Arthur Black

Uplifting....like a millennium bridge

Is it my imagination, or are there really a lot more boobs in the news these days? Some days it feels like you can't turn around without being poked in the eye with yet another mammarian-oriented bulletin. Case in point: this snippet from yesterday's newspaper. OSLO, Norway (Reuter) - A bare-breasted blonde mermaid atop a rock is making tourists gape along a Norwegian fjord.

It seems a comely wench by the name of Line Oexnevad (would I make that up?) has taken it upon herself to personally recreate the legend of Denmark's Little Mermaid - but in the coastal waters of Norway. Accordingly, Ms Oexnevad, decked out in naught but a long blonde wig and a swishy neoprene fishtail, has shimmied herself up onto a picturesque rock along the Lyse fjord at least a half dozen times over the past three summers, then lolled back and waited serenely for passengers aboard the tourist boats to notice. They noticed. "One man even jumped off a boat and swam over to me" she marveled.

Yeah, well it probably wasn't the neoprene fishtail, Line. It's amazing, the power of a simple gland...or two. The island I live on is currently being gang-banged by an offshore logging company. Not surprisingly, this has elicited a variety of protests from the people who have to live with the re-

sults. Logging roads have been blocked, protestors have chained themselves to logging equipment, placard-wavers have marched on the Legislature. And none of these initiatives has garnered one-tenth the attention that has been lavished on a recently published, simple, black and white twelve-page calendar.

It's called Salt Spring Island Women: Preserve and Protect.

Each month of the calendar features various women of the island dressed in strategically placed lambs, spruce boughs, here a backpack, there a dulcimer - and very little else. The calendar is not in the least salacious or pornographic - you'd see more flesh on the guest couch of the Letterman show any night of the week - but it is beautifully photographed and the subjects are...quite lovely in an unHollywood way. Lovely - and clearly unclothed. And naturally the calendar is selling like hotcakes.

It was conceived as a modest fundraiser to protest the logging, but it's turning into a runaway bestseller. They've had inquiries from every part of Canada, all over the States, even Europe and Asia. Why?

Chalk it up to the Boob Factor. Despite decades - centuries, even - of what should have been overexposure (think Lady Godiva, Winged Victory, Venus on the Half Shell, Sophia

Loren, Xena the Warrior Princess) the simple human female breast still has the power to shock and...well, titillate.

Just another Dumb Male Thing, you think? Not exclusively. Tommy's Bar and Grill in Maple Ridge, BC recently ran a competition tastefully entitled "the Win Boobs Contest".

First prize: a \$3,000 plastic surgery breast-enhancing operation. Crass, offensive, sexist and an insult to womanhood, right? Yeah, well at last count the folks at Tommy's had two thousand entries in their ballot box - all from hopeful women.

Meanwhile, Boob Technology marches on. A company of British engineers named Ove Arup has announced a brand new, state of the art brassiere called Bioform, soon to be available at better lingerie stores everywhere. A press release claims the new bra is revolutionary. Seems they've replaced the underwire with plastic bands which they claim "more comfortably distribute the load and reduce stress".

Sounds...uplifting, until you learn that this is the same engineering firm that designed London's Millennium Bridge. You know...the one that been closed to traffic because it's too...wobbly.

Ladies, you've been warned.

MURDOCH, Cheryl

I was born and raised in the Haliburton Highlands and there is no other place I would rather be. My background is in Education, eight years as a teacher and 22 years as a School Board trustee. I am running for reeve of the amalgamated Townships of Anson, Hindon, Minden, Lutterworth and Snowdon because it is my turn to give back to the communities and to the people that have given so much to me.

I have gained a lot of experience regarding amalgamation in the past three years with the Trillium Lakelands School Board, (Haliburton, Muskoka and Victoria). I know about bringing three cultures together and finding comfort zones to form a new and stronger team. I was the first Chair of the new Board for two years and I am now the Past Chair until the end of November.

My vision for Minden Hills is "Better Together". We need to protect our environment and small-town image. However, in order to survive and prosper, we must be aggressive on attracting new business that will be the right fit for our area. There are many issues to be dealt with. They must be prioritized and addressed in an orderly fashion. Short-range and long-range planning, timeliness and checks and balances are a must. Our young people need to be able to come back to our area after completing their education and find jobs or open a new business. Our part-time residents and neighbours need to know that the "new team" will always act as guardians to protect the natural beauty of the forests, lakes and rivers.

I care! I am here to stay. I offer my services for all the right reasons. I have the integrity, the dedication, the drive and the expertise to make this work. Change is coming. Let's get it right! I won't let you down.

RIGNEY, Ross

With the creation of the new Township of Minden Hills, the next three years will be both exciting and challenging. It will require a strong leader, knowledgeable in Municipal Affairs, and actively involved in the process of the Amalgamation of the three Townships. As the current Reeve of Snowdon Township, Member of County Council and the Transition Committee, I meet all of these qualifications. My business background of 37 years with Sears Canada in various positions, retiring as Vice-President of Public Relations and Government Affairs, gives me the expertise for the position of Reeve. I am comfortable working with the Provincial and Federal Governments regarding funding or help with concerns that may arise.

Taking early retirement in 1994, I moved with my wife Lois to the family home on Canning Lake where I immediately became involved in the community. I was elected as Councillor of Snowdon Township for 1995-97, then Reeve for 1997-2000, was Interim Chief Administration Officer of Haliburton County 1995-96, and Interim General Manager of the Haliburton Highlands Chamber of Commerce 1999, where I met many of the tourist and business owners of the County.

A strong economy 12 months of the year is a major concern. We need to support our local businesses to help

REEVE

them survive during the shoulder seasons. By attracting new business and small environmentally friendly industries, we could build a stronger tax base and create jobs. We all want to keep taxes low and affordable, but I believe not at the expense of progress, or getting a job done. The moving of the hospital across the river has raised the issue of a second bridge and road directly to the hospital. I have already investigated the possibility of government funding assistance through the Super Build Fund. A feasibility and cost study is required first.

Mark your X after Rigney, Ross and I will give you dedicated, responsible leadership as your Reeve for the next three years.

ROME, Jerry

I have put my name forward for the position of Reeve of our new amalgamated municipality because I believe that the position will require not only strong leadership, but also a knowledge of municipal government. I believe I bring these attributes.

As a bank manager, I was charged with daily decision making which could affect not only my career, but also the lives of others. So, I am accustomed to making tough decisions. Banking also taught me something about municipal finance, having been a banker to four municipalities and the County.

Since retiring, I have spent the past nine years on Minden council. I have served on nine of Minden's 13 committees which include public participation, which I strongly support. All meetings must continue to be open to the public. Where matters such as landfill, development charges, official plan, etc. will be debated, public participation is essential.

The cost of the flood plain mapping and the creation of an Official Plan for the Township of Snowdon must be completed now as we are required to have an Official Plan in place. When this is done, the three Official Plans must be combined into one. All this is very costly and must be borne by the municipality.

The environment is of great concern: Firstly landfill sites—the Certificates of Approval must now be opened and new studies completed. Hopefully additional space within currently owned property can be used to give us time to find alternatives and provide education relating to recycling.

Secondly: septic systems—it is rapidly becoming evi-

dent that re-inspection of the septic systems must be mandatory as water quality is essential to our continued prosperity.

Our local MPP and MP I find are easy to contact and more than willing to help where appropriate.

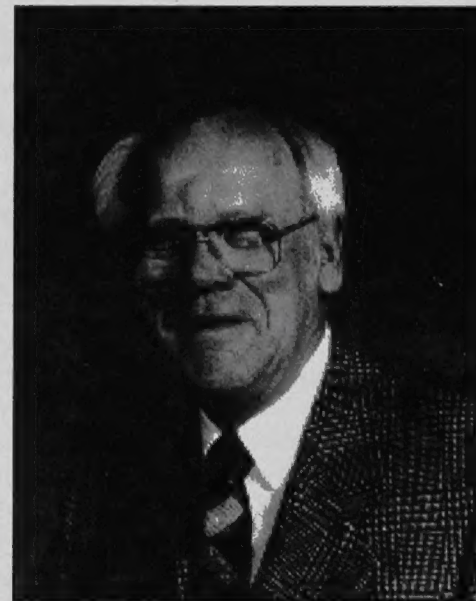

I humbly ask for your support in the upcoming election. (Phone 705-286-2814)

DEPUTY REEVE

MERCER, Lisa

I am Lisa Mercer, Candidate for Deputy-reeve, Minden Hills. My municipal experience includes 15 years on Lutterworth Council; 6 years as Deputy-reeve; 3 years on County Council. My current Transition Board Committees include, Chair of Human Resources (Personnel), Parks and Recreation and Environment, which includes waste management.

My business experience includes running my own business, legal, accounting and budgeting.

Personally I have been both a cottager and a permanent resident. This is one of the reasons I understand seasonal and permanent residents' requirements so well.

I believe we should try to preserve our small town attitudes and feelings while progressively enhancing our community.

I believe in working together to preserve and improve what we have.

I believe we need representatives who are experienced, committed, accessible, progressive, with proven business and financial sense; someone with integrity, who will candidly represent you during the next term, which will be filled with difficult decisions.

I have all of these qualifications, the experience and the desire to represent you.

If you have specific issues you would like to discuss please contact me at:

Phone: (705) 286-3155

Fax: (705) 286-3362

Email: Mercer@halhinet.on.ca

Please give me an opportunity to continue to represent you.

McMAHON, Jim

For the past 16 years I have owned and operated a small business in Minden, McMaho's Feeds'n Needs. Presently, I am the Reeve of Lutterworth Township since 1994, and 6 years prior to this I served as Deputy Reeve. In 1994 I served as the Warden for the County of Haliburton. I chair a number of Committees namely: Roads; Emergency Services; Land Ambulance; 9-1-1; Community Police O.P.P. Advisory Committee; and I represent the County of Haliburton at Children's Aid and Family Services.

I have a thorough knowledge regarding the concerns of all taxpayers. I will continue to streamline and account for the way we operate. My political experience, knowledge of the community and sound business background will be a benefit to my constituents.

Experience and continuity will be critical for the next three years. As Deputy Reeve I will take a strong voice to the county table dealing with critical, expensive and important issues such as policing, ambulance and waste management, as well as addressing concerns regarding the protection of our en-

vironment, public health and water quality.

The mistake many municipalities are making today is focusing primarily on the bottom line, reducing taxes. Though reducing taxes is very important, it's the easy part. What we need to focus on is dealing with core businesses.

I plan to be a Change Leader, open minded, looking for new opportunities. I want to know, you the taxpayer - our customer. I want my constituents to know I will do the job they require of me. We must move ahead and start building our new community.

You want to elect a winning team with focus on a prosperous future. I am committed to serving you, my constituents. A vote for me is a vote for progressive leadership, continuity, experience, proven integrity, open door concept ready for your questions and concerns, a person who cares and a person with vision for the future of the new amalgamated Township of Minden Hills.

On November 13th, 2000, vote to elect me, Jim McMahon, as your Deputy Reeve.

VOTE LISA MERCER DEPUTY-REEVE

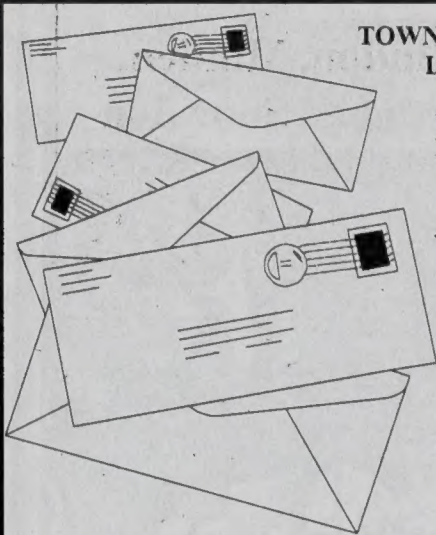

I am the right person
to do the best job for you!
Give me the opportunity
to continue to represent you!

Thank you for your support!

TOWNSHIPS OF ANSON, HINDON, MINDEN,
LUTTERWORTH AND SNOWDON

2000 MUNICIPAL ELECTION via VOTE BY MAIL

The 2000 Municipal Election is being conducted by Vote by Mail. All electors, on the Voters' List, will receive their Vote by Mail Kit in the mail, which consists of:

- a ballot
- a white Secrecy Envelope
- a yellow Return Envelope
- a Voter Declaration Form
- Voting Instructions

Municipal election day is November 13, 2000; however, in order to ensure delivery of your ballot on time to the Municipality, the postage paid return envelope **must be placed into the mail by November 3, 2000.** As an alternative, the return envelopes may be hand delivered to the Anson, Hindon and Minden Municipal Office, the Lutterworth Municipal Office or the Snowdon Municipal Office, during regular office hours until November 10, 2000 and from 10:00 a.m. to 8:00 p.m. on Monday, November 13, 2000.

The ballot is to be placed in the white Secrecy Envelope, and the envelope sealed. The white Secrecy Envelope is to be placed in the yellow Return Envelope. The Voter Declaration Form is to be signed and inserted in the yellow Return Envelope, so that the address of the Municipality appears in the window of the envelope. The yellow Return Envelope must then be sealed and deposited with Canada Post by November 3, 2000, or hand delivered to the Municipal Office. No postage is required if mailed in Canada.

Failure to follow the instructions carefully, could result in the rejection of the ballot.

Qualified electors who have not received their Vote by Mail Kit in the mail by October 30, 2000, should visit the Municipal Office for your Township. Blank Vote by Mail Kits will be available for those electors that are eligible to be added to the Voters' List, or for those who have lost or inadvertently discarded their kit.

Clarification may be obtained from:
Anson, Hindon & Minden Municipal Office
Lutterworth Municipal Office
Snowdon Municipal Office

GAMBELL, Ron

Self employed (Gambell's Antiques 24 years) I feel the best partner a business can have is Town council. The town goes as the council goes. When I first arrived in town (1975) there were negative comments from business people, and here 25 years later more of the same about council. When we expand our commercial tax base, it would ease the burden on homeowners and lakeshore property, without the loss of services we have come to expect. I would like to see a better working relationship between business and council. It can be achieved with the co-operation of each and everyone involved, to make Minden a better community to work, play and reside.

I have served on Lutterworth Council for 9 years, 6 as Reeve, (County Warden 1982); at the moment the sitting member on Durham Haliburton Kawartha and Pine Ridge District Health Council (to 2003).

I feel a strong voice on council will be beneficial to everyone concerned. I welcome your support on November 13. Thank you.

SELSKY, Darrell

Candidate's Name: Darrell Selsky

Occupation: Supervisor, Municipal Works

Residence: Shared between Toronto, and the newly Amalgamated Townships of Anson, Hindon, Minden, Snowden and Lutterworth.

Political Experience: Have worked in conjunction with many politicians/ratepayers and interest groups for the past 24 years.

My decision to seek office in this municipal election has several components including the amalgamation process, accountability, the environment, customer service, access to information and economic development.

My professional, work related education includes

**COUNCILLOR WARD ONE
(AHM, TWO TO BE ELECTED)**

COOPER, John

48 years old

Resident of Minden for 46 years

Small Business man for 18 years

Two terms on Recreation Committee

Term on School Board

President of Minden Business Association

Commission Officer in Canadian Armed Forces

Four years as Officer 1129 Army Cadet Corps.

Accountability: The taxpayer deserves to know what goes on in council, where the money goes and answers to questions asked.

Industry Promotion: Tourism and Light Industry can work together. Industry makes jobs, jobs bring people to the area to provide services for tourism. Young people deserve the opportunity to stay in the County.

Approachability: I can be found at my business, six days a week at 150 Main Street or I can be reached by phone 286-2526. I will get answers to your questions or give you a reason why I can't.

MOORE, Daryl

This election is about change - change brought on by federal and provincial downloading. Change because of the global economy and the change to fast, high tech

course certification of the Association of Municipal Managers, Clerks and Treasurers of Ontario. In addition during my 24 years employed with Pickering, I have attained certification as a Civil Engineering Technologist. I am also a Director with the Federation of Ontario Cottagers Association and believe strongly in environmental protection.

I believe in the provision and enhancement of basic services to all residents. I promote a planned approach toward development that is keeping with lake capacity, the environment and the natural beauty of our community for present and future generations. Strong support for the open, public consultation process together with community partnerships will see our community grow and prosper tomorrow.

VALENTINE, Bill

I have enjoyed politics for several decades because I like people. The few problems you encounter only show how tremendous 99.9% of our Ontario people are. I have been Reeve of Lutterworth twice and Councillor for the rest of my political career.

We know that Haliburton is as good a place as it gets as we have seen much of the world through personal travel and when we worked for C.I.D.A. In Uganda, we did everything from helping the Sisters of Alito Leper Camp, to making their film for World Leprosy Relief, to teaching and supervising the construction of new classrooms at Lango College under a World Bank Project.

The Valentines settled on Gull Lake four generations ago and my Mother's people, the Martins, on Moore Lake around the same time.

Sandy and I moved back to Moore's Falls in 1963. Ex-

business. This change must be properly managed. Restructuring is said to be about change, but more importantly, it is about protecting our future. How do we do this?

- Politicians of the 21st century must be innovative, willing to look at new ways to raise the funds needed and deliver the services because the taxpayer cannot afford any more increases.

- They must be willing to work in new partnerships with the different organisations to find the course of the future and the solutions to stay on that course.

- They must find ways to protect all of our few resources. Lakes, tourist industry, seniors community, business community and our landfill sites.

We must take proactive steps to protect our lakes as we cannot afford any further damage to this resource.

Our landfill sites will require a special priority. We need to look at ways to extend their lifespan.

Waste management must be a priority to protect this resource.

The new municipality, in partnership with the business community, should develop marketing strategies to make more viable the present businesses but also look into attracting new business that will enhance our community.

The 21st century will require a high tech business community and this should
(more on page 4)

**COUNCILLOR AT LARGE
(ONE TO BE ELECTED)**

cept for the two years in Uganda, I was at HHSS until I retired ten years ago.

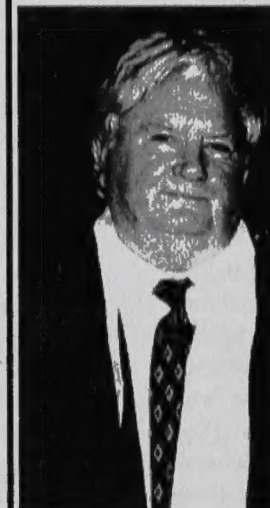

I am a member of the Sierra Defence League, Canadian Wildlife Federation, CARP, COC and Mensa Canada, among others. We also support many causes from Covenant House, the Heart and Stroke Fund to TVO, TSO and SW.

I have a certificate from the province for my 36 years in Education and the CEC Award for my "service and support of Exceptional Children."

Strong leadership will be needed in the new township. Apparently I have it. At the All Candidates Meeting of September 23, detractors gave me the supreme compliment by charging that "Old Valentine" could force four independent council members to follow his bidding in all municipal matters from roads to re-zoning.

I promise to represent all ratepayers of our new Township to the best of my ability.

**Bill
Valentine**

**Councillor
at Large**

Elect
**RON
GAMBELL**
Councillor at Large
Minden Hills

Experience: Councillor - one year
Deputy-Reeve - two years
County Warden - one year

Presently sitting member of the Haliburton Kawartha Pine Ridge District Health Council.

"A strong voice on council will be beneficial to all concerned."

I welcome your support November 13

GAMBELL, Ron

(from page 3)

be a focus we take.

As a taxpayer, we don't get very much municipally for our tax dollars: fire protection, landfill sites, roads and the servicing of these roads. Anson, Hindon and Minden has worked very hard to protect these services. Equipment is kept updated in all departments so that service can continue. Recycling has been improved to expand the life of our landfills.

Everything is not perfect - there is room for much improvement. I am willing to work together with the various interest groups to make our municipality a better place and more importantly to protect our future.

OBEE, Bill

Bill's vision of Minden Hills:

- Unified Council:
- All Councillors working co-operatively towards goal of one successfully united municipality.
- Strong voice for Minden Hills within Haliburton County.
- Efficient use of savings realized from amalgamation:
- Elimination of the duplication of services.

- Balanced utilization of equipment and manpower.
- Assurances that services are maintained or in-

creased.

- Coordinated landfill management:
- Funding of public education for reduction of waste.
- Investigation of alternate forms of disposal.
- Ensuring that all geographic areas of municipalities have access to landfill.

--Mandated inspection of septic systems

--Active promotion of tourism, business and industry:

- Making "Minden Hills" a destination of choice.
- Support existing local businesses.
- Be pro-active in seeking new business.

Bill's Pledge to You:

In order to reach that vision, Bill pledges you his full support. You may be certain he will:

- Present a strong responsible, common sense and cost-effective approach to all issues.
- Stand firmly to preserve the character of our community and environment.
- Commit to continued community involvement
- Listen to what you and the members of our community have to say.
- Respond promptly to your requests for assistance.
- Provide flexibility in his business schedule to tend to constituents' needs.

Bill's Related Experience:

- 25 years working with municipal and provincial legislative organizations, including Anson, Hindon and Minden Council; Haliburton County Engineer; Ontario Good Roads

Technical Advisor.

- 6 years in the private sector
- Bill's Community Involvement:
- Long history of community involvement including: Minden Rotary Club--Past President; Minden Food Bank; Anson Hindon and Minden Road Committee--Chair; Construction of the Curling Club.
- Commitment to volunteerism, I have the time.

OYLER, Peter

I believe the future success of our new township rests with the newly elected Council and its residents, whether seasonal or permanent. We, along with other levels of government and business interests must work together in its promotion as a great place to live, vacation, work and shop. Council must support clean, commercial, industrial and residential development. It must be prepared to support pro-environmental initiatives and address those issues having an adverse effect on our social and/or physical environment.

Council must be prepared to say 'no' through an official plan and its zoning by-laws, to the extension of backlot development on our lakes and river where municipal services cannot be provided. The protection, maintenance, restoration of our physical environment is critical to us and our future generations of an ever increasing population.

I want our new Council to be open and accessible and accountable to the taxpayers of the future Minden Hills. Council must communicate with its residents at a personal level and not just through the media. Council must not only be open with the public. It must also be seen as being open, through public input and debate. Council also must take a leadership role and be supported by appropriate staff in related fields of expertise who carry our Council directives and policies.

As a permanent resident, I have been involved with Minden and County Council proceedings and have addressed Council on issues affecting our future. In addition, I was a member of the East York and Metro Toronto Councils for 17 years. I have the experience and ability required to represent your interests on a newly elected council. I have the time and energy for the tasks ahead. The future of our communities rests with you, the electors. I ask for your support on November 13.

Elect

Daryl Moore

Councillor Ward 1

Amalgamated Townships of Anson, Hindon and Minden, Lutterworth, Snowdon.

HOW TO...

Take part in the
2000 Municipal Election
via Vote By Mail

Vote By Mail

The 2000 Municipal Election is being conducted by Vote by Mail. All electors, on the Voters' List, will receive their Vote by Mail Kit in the mail, which consists of:

- a ballot
- a white Secrecy Envelope
- a yellow Return Envelope
- a Voter Declaration Form
- Voting Instructions

Municipal election day is November 13, 2000; however, in order to ensure delivery of your ballot on time to the

Municipality, the postage paid return envelope must be placed into the mail by November 3, 2000.

Qualified electors who have not received their Vote by Mail Kit in the mail by October 30, 2000, should visit the Municipal Office for your Township. Blank Vote by Mail Kits will be available for those electors that are eligible to be added to the Voters' List, or for those who have lost or inadvertently discarded their kit.

COUNCILLOR WARD TWO (LUTTERWORTH: ONE TO BE ELECTED)

PEARSONS, David

Member: Haliburton County Board. of Directors; Haliburton County Community Economic Development Committee; HCSA Snowmobile Trail Grooming Staff.

I don't talk committed; I am committed.

Our greatest asset in Minden Hills is our rich, natural landscape. It makes us among the chosen few, able to enjoy our ever-changing surroundings each day of the year. But we can only enjoy nature's largesse because of the seasonal residents who provide the bulk of our incomes and 70% of our taxes. The cottagers subsidize our children's schools, our roads, and all of our services.

I believe we should be making a much stronger effort to make Minden Hills attractive to cottagers. Every day, in my real estate business, purchasers request year round access and the potential for retirement. Let's work with the Ministry of the Environment, Health Departments, other levels of government, and volunteer groups (HCSA, etc.) to develop a workable, coordinated, and sustainable plan to increase our core business - cottaging and outdoor recreation. In the process, we would be increasing our tax base, improving our lakes' waters, deseasonalizing Minden Hills' income stream, while improving our collective lot in life.

Among the many issues we face is the establishment by the Provincial government of the Laxton Digby Protected Lands that lie to our immediate west. We need an intelligent, strong, unified voice to help steer the management of these lands in a direction that will prove a boon to all of our residents. But boon or bane, the L-D Lands are an elephant we sleep beside - you need me to make sure we are heard, have real input, and guide decisions for our collective benefit.

Elect me so I can work, not for myself as past councillors have, but for the betterment of all of us - cottagers and residents alike.

SAYNE, Pam

Thanks to *The Minden Times* for this opportunity to introduce myself to you. My name is Pam Sayne and I am running for the position of Councillor of Ward 2, Lutterworth.

Like you, I have a passion for this beautiful area we call home. I live year round in Moore Falls and I also own a cottage on Black Lake. I run my own home inspection business called Know Your Home Inspections and I perform "Energuide for Homes" audits. I am a member of the Provincial Association of Certified Home Inspectors and I teach part-time at both the University of Toronto and Trent University. My research and self-employed work is in social and economic community development, much like what Haliburton County is experiencing right now.

I have worked extensively on sustainable development and housing issues in both a local and international forum. I firmly believe in community involvement and informed decision making on social, economic and environmental matters that affect us all. My concerns include: Natural Resources, Water Quality and Waste Management:

- * support of sustainable woodlands and wildlife management;
- * maintenance and improvement of water quality in Haliburton;
- * development and implementation of sensible recycling practices;
- Roads, Safety and Emergency Services:
 - * ensure road safety: paved shoulders, pothole repair, speed control;
 - * pro-active application of 9-1-1 throughout our community
- Employment and Housing:
 - * encouragement of local employment initiatives;
 - * diligent municipal support of well maintained, affordable housing options;
 - * creation of sustainable employment for our youth.
- Democratic Leadership
 - * keeping you informed;
 - * encouraging your input.

I look forward to hearing from you as your Councillor to set priorities for Lutterworth and Haliburton County. As Councillor I will keep you informed of ongoing and new issues, and will listen to your interests and concerns regarding our immediate area and our county as a whole.

Vote, Pam SAYNE, for Councillor, Ward 2

WAHLROTH, Mike....

WESSELL, Ingram

Having been a resident of Lutterworth Township for all my life I feel that I am quite familiar with this municipality and by having quite a lot of councillor experience throughout my life, would be able to look at the progress of the township sensibly.

I can tell the voters that I have absolutely no axe to grind with anyone. We have a lot of fine people living in Lutterworth, both permanent and seasonal, and if elected I would try my best to address everyone's concerns.

I am quite aware that the cottagers and tourist who come to our township are the economy of our area because they create jobs of every kind for our local people: carpenters, plumbers, road builders, septic installers, stores, restaurants and the list goes on and on.

I think the elected council should do everything they

can for the tourist trade and this in turn puts food in our, the local people's, mouths.

I would push hard to keep our municipal roads in tip-top shape. The environment is of great concern by keeping our area clean and healthy. Another interest of mine would be with the help of the other elected Councillors to lobby the MNR to put more effort into stocking our lakes to keep the fishing sport healthy.

I would appreciate if the voters of Lutterworth would give me a vote and let me work for the good of your municipality.

Sincerely, Ingram Wessell

WHITE, David

This amalgamation election is the most important ever! This is the beginning of a new era and new direction, new energy and direct communication is needed.

We need to insure all our rate payers and their families are treated equally and fairly with no self-serving interests involved. I believe we must encourage the necessary growth of industry, business and tourism, thereby broadening the taxpayer base and guaranteeing the employment and future of our children without compromising or upsetting the beauty of our natural environment.

With proper re-allocation of tax dollars we can improve our roads and keep them properly maintained, increase the operating hours of our land fill sites and provide funding for a new bridge in Minden which will provide needed access to our new hospital and ease traffic.

I will work towards developing a more efficient method of communication between all taxpayers and the new council.

Our lakes and rivers of the Highlands are a major resource that must be protected from exploitation and I oppose any further development on waters that have been deemed at capacity by the ministry.

In closing, with your vote and support, I will listen, I will fight on your behalf and I will be your voice on the new council. I invite questions or comments via: email: dakat@sympatico.ca mail: R.R.#1, Norland, Ontario K0M 2L0 phone: 705-286-3903

Yours faithfully, Dave White

COUNCILLOR WARD THREE (SNOWDON, ONE TO BE ELECTED)

BUCHANAN, Ron

As a candidate in the up coming election for Ward #3, I am honoured to be given the chance to represent Snowdon Township within the New Municipality.

I am married with two children and have lived here for over 30 years, where I worked as an O.P.P. officer. After retiring, I was elected Councillor for Snowdon Township, where I have happily served for the past 3 years. I am currently a member of the Légion, Minden Community Police, field naturalists, and on the library and cemetery boards. As a member of the Community Police Advisory Committee I was instrumental in forming a stand-

alone police detachment in the Highlands, which means, police who work here, live here, adding 2.2 million dollars to our local economy annually.

I am a firm believer that, wherever possible, your tax dollars should be spent within the Municipality, which will cause new growth and curb the migration to bigger centres for employment. I can not promise total employment, a cure for our landfill problems, protection of our environment, and to lower our property taxes, but I will promise to exert all my efforts in these areas, as I have done in the past.

My opponent in the up coming elec-

Lutterworth & The New
Amalgamation."*

"We Need A Fresh New Start"

VOTE RIGHT

VOTE - DAVE WHITE - VOTE

Dave and his wife Kathy have made Lutterworth their permanent home for the past 14 years. Dave is a professional firefighter with 26 years of service. Let Dave put honesty and integrity into representing YOU and ALL TAXPAYERS in the New Amalgamation.

- GET IT RIGHT -

Elect DAVE WHITE - Nov. 13 - Councillor - Ward 2

MINDEN HILLS

(from page 5)

tion is Dwain Wruth, who I have found to be honest, hard working, politically experienced, and a friend, so no matter which way you vote on November 13, Snowdon Township will be well represented.

Thank you.

WRUTH, Dwain

Candidate: Councillor in Ward 3 (Snowdon Township)

I wish to take this opportunity to extend greetings to all of the ratepayers in the new municipality of Minden Hills. By way of

introduction, my name is Dwain Wruth and I am a candidate for Councillor in Ward 3. I have lived and worked in Snowdon Township all my life.

I have the distinction of being one of the few full time farmers in Haliburton County. In 1973, I took over management and operation of the family farm in Lochlin, following the passing of my grandfather. Ten years later, I purchased the property and farm business, and have been operating it successfully since that time.

I have served on Snowdon Council continuously since 1978, as Councillor or Deputy Reeve, to the present date. During my tenure as Deputy Reeve, I also served for several years on County Council. My vision

for the future of the amalgamated municipality of Minden Hills is continuous, controlled economic growth and opportunity. I envision this growth coming through proper planning for commercial development, clean industry and tourism opportunities with expanded seasonal and permanent residential settlement.

Some of the issues facing your new council include integration of the existing by-laws and planning tools, which currently reflect separate policies and regulations in each of the three existing municipalities into proper and fair guidelines. The objective must be to initiate controls over development that will protect the environment and scenic beauty of our area while encouraging new initiatives.

To achieve this objective, I feel Council requires representation from all walks of life and all areas of endeavour within the municipality.

In closing, I would like to thank the ratepayers for their support on November 13, I promise to take a strong, sensible and experienced voice to the council table for the next three years.

SHERBORNE/STANHOPE

HARRISON, Eleanor

I have been a permanent resident of Stanhope for 34 years. At the end of this term, I will have completed twelve years in municipal government, nine of those years were also spent at county council. Committees I have served on include: Board of Management, Roads, Social Services, Children's Services, Library, Finance and Correspondence and Personnel. This wide variety of appointments has given me the necessary experience to provide the leadership qualities required as Reeve of the new municipality. Consolidation of amalgamated services, economic development, waste management, fire services, completion of 9-1-1, ambulance and police services are a few of the challenges the new municipality must address.

In the area of waste management, the Certificate of Approval for the Pine Springs Landfill in Sherborne requires closure and an amended Certificate of Approval to allow a transfer station. The new municipality will play a major role in the testing of existing septic systems to ensure our water sources are protected from unwanted pollution. We must make sure we have the necessary infrastructure in place to attract new, clean, non-polluting industry to our communities. The recommendations contained in the county marketing plan must be addressed in the next term if we are to provide our youth with a future labour market.

Council must find the savings in amalgamation while at the same time maintaining or enhancing service levels. It is imperative at this time to maintain some continuity in our councils. The Reeve must be fiscally responsible, a team player, easily accessible and with time to do the job. I believe I have demonstrated these qualities and I am willing to dedicate the next three years to the new municipality in the hopes that with your support we will continue to grow and prosper.

KILLABY, Caye

Caye Killaby says "We must elect a strong voice on behalf of Sherborne, Stanhope et al at Haliburton County Council in order to preserve our Townships' interest during the current municipal and provincial re-organizations."

"My years as an elected representative in Mississauga provided me with first hand experience in avoiding some of the perils of amalgamation and changing municipal responsibilities."

A cottage owner on Lake St. Nora since 1959 and permanent resident since 1994, I have many years as an experienced municipal administrator, elected official and health and education leader, with years of experience representing the interests of constituents and with a reputation for strong

political leadership.

"I will provide a new voice to meet the challenge of the new municipality of Sherborne, McClintock, Livingston, Lawrence and Nightingale."

I received a questionnaire from the Boshkung, Maple, Beech Lake cottagers' association. These are some of my answers.

Q. Do you support the expansion of Stanhope Airport?

A. Yes

Q. What would be your long term approach to waste management?

A. Continue to recycle, re-use and reduce; Sherborne, Stanhope et al Township and the County of Haliburton will take care of it's own garbage - long term identification of sites.

Q. What do you see as the role of cottage associations in the new municipal structure?

A. Cottage associations, representing land owners can provide structured input into the areas of policy development. They do represent one constituency

Q. Do you believe that it is important to maintain the character of Stanhope Township as it presently is?

A. Sherborne, Stanhope et al Township will continue

TOWNSHIP OF SHERBORNE, STANHOPE, McCLINTOCK, LIVINGSTONE, LAWRENCE AND NIGHTINGALE MUNICIPAL ELECTION, VOTE BY MAIL

Electors in the Township of Sherborne, Stanhope et al are reminded that the Vote by Mail process is now underway. Those electors who have not yet returned their ballot packages to the Municipal Office should note that the deadline for mailing the ballot is **November 3, 2000**. The deadline for receipt of the ballot packages at the respective Municipal Offices is 8:00 p.m. on November 13, 2000, Election Day.

The Post Offices are closed November 13, 2000 (in lieu of Remembrance Day). Canada Post has ensured that all mail postmarked on or prior to November 3, 2000 will be delivered. **Electors should hand-deliver envelopes directly to the Municipal Office after November 3, 2000.**

Voters have the option of hand delivering their ballot packages to their respective municipal offices during regular office hours, Monday to Friday until November 10, 2000 and on November 13, 2000 from 10:00 a.m. until 8:00 p.m.

Qualified voters who have not received their voter kit by November 1, 2000, are encouraged to visit their Municipal Offices to obtain a voter kit. Voters who have lost or inadvertently discarded their voter kit may receive a replacement package at their respective Municipal Offices during the times indicated above.

Please follow the "VOTING INSTRUCTIONS" for Vote by mail outlined in your voter kit.

For information on the Vote by Mail process, please contact the Stanhope Municipal Office at (705) 489-2379.

(from page 6)

to be an attractive, largely rural, four season area.

Q. In your opinion, what are the challenges facing the new county council?

A. One of the main challenges of the new county council will be to implement the new municipal structure in an equitable and efficient manner.

I can be reached at 705-766-9300.

MANSELL, Cheryl

MY commitment to YOU, the taxpayer:

- You deserve to be heard and responded to when you have a concern.
- You deserve to have your questions answered.
- You deserve to be part of the process and know the facts in advance of decisions being taken concerning your community.
- You deserve to have an elected representative that is committed to you and is prepared to show leadership on issues.
- You deserve to have a Reeve who is not afraid to take a stand on issues.

REEVE

Important issues of tomorrow:

- water quality: I support a mandatory septic inspection program
- revolving council hearings - Stanhope and Dorset
- accessibility: newsletters, public meetings, Township website with links to our business community partners
- 5 year strategy plan, including business strategy plan for Stanhope Airport
- preserving our Township's character while encouraging orderly development
- development of a economic plan to include our commercial partners in furthering employment within the Township

Qualifications/Experience

- Senior Law Clerk: 20+ years experience involving extensive communication with municipalities/governmental agencies, specializing in commercial/residential real estate, property development, severances, variances...
- Senior Law Clerk: 5 years - TransCanada PipeLines - acquiring/financing land rights - Ontario, Manitoba, Saskatchewan.
- Training Right-of-Way Agents in Ontario, Manitoba, Saskatchewan
- Executive Administrator, Legal Aid Manitoba - imple-

mentation of legal aid

- Membership Director, Boshkung Lake Property Owners Association
- Chair, Public Relations Committee, Director, Institute of Law Clerks
- Past Secretary, Member, International Right of Way Association
- Participant to save Arnold House, Thornhill Historical Preservation Society
- Active volunteer Supporter with Juvenile Diabetes Foundation and volunteer with other charities

I am asking for your support. Together we can preserve our past and build a strong future. It would be an honour and privilege to represent you.

As Reeve, my voice will speak for Everyone.
Thanks.

**COUNCILLOR
WARD TWO
(STANHOPE, TWO
TO BE ELECTED)**

BARKER, Ann

In July 1974, my husband Don and I moved to Stanhope Township with our three children. Now as a grandparent of five, I am known as being outspoken but fair - it is who I am.

After opening and operating a restaurant for four and a half years, I then opened a catering business for 15 years.

In 1979, my husband Don opened our heating and cooling business which still operates today. After my husband became a member of Stanhope's Volunteer Fire Department, I accepted one of the emergency fire phones into our home - it's still there. As a result, I have just been presented a Long Term Service Award for 26 years of service by the Ontario Fire Marshall.

In 1981, I was chosen the Citizen of the Year by the Township of Stanhope. I have worked on and organised many fund-raisers for our community over the past 26 years.

My municipal government experience includes 14 years on Council. Three as Deputy Reeve and three on County Council. Committees I have served on include: The Transition Board and the Budget; Fire Department; Waste Management; Recreation; Minor Variance; Health and Safety; Museum committees. During the late - eighties, I was the only Councillor from the County to attend a seminar on Family Violence. I helped establish and serve on a county committee. Within the year a Family Violence Counsellor was in place.

The next three years will be the most important time for our communities. Bringing them together as one is a challenge in itself. Keeping the heritage and the personality of them is most important. Taxes will be a concern as the downloading continues. Waste Management, Roads, Environmental protection for our lakes and wild life, Health and Family Services will continue to be at the top of our con-

cerns. Keeping ratepayers informed is and has been an important part of council's duties. This will continue.

At this time, I would like to thank you for allowing me the privilege of serving you during the past 14 years. I again ask for your confidence and support on November 13.

Thank you for your support. Ann Barker

CARROLL, Cathy

My name is Cathy Carroll and I want to represent the ratepayers of Ward 2, Sherborne Stanhope et al, as Councillor.

To be a successful Councillor you must enjoy working with people. It is important to quickly understand new information and situations, to be a problem solver and to be decisive. I am all of these things.

My family have been cottagers in Haliburton County since 1932 and we have lived in Stanhope for 22 years. In 1989, we built our principal residence on Bayshore Road, Boshkung Lake - this is our home. During that time, I have watched the township grow and I have developed a vision for its future.

The newly amalgamated Sherborne, Stanhope et al must be a strong centre for business and tourism. I want to form a

VOTE Cathy CARROLL
to get the job done

future. Under the right guidance and supervision we will thrive. I want to be a part of a team that leads Sherborne, Stanhope et al into the 21st century.

GARDNER, Tom

Although my wife Teri and I, and our three children have only lived permanently at Halls Lake for ten years, my family has a long history in Stanhope. My ancestors were among the early pioneers to settle here in the 1860's. Needless to say, this area is very near and dear to my heart.

I have been fortunate to serve as a Councillor in Stanhope for the past three years. In this time I have also been a member of the Board of Management, the Waste Management Committee and the Recreation Committee. During the past year I have served on the Transition Board for Sherborne, Stanhope et al and various sub-committees.

Over the next three years, one of the major tasks will be the completion of the amalgamation process. There is still much work to be done. We must continue to find cost savings while maintaining, or improving, the level of service for the new municipality.

Other issues that I would like to see addressed during the next term are:

- the re-inspection of septic systems to ensure they are in good working order
- the responsibility of waste management taken over by the County
- continue to attract clean industry to our township
- keeping a satellite municipal office in Dorset
- continue working closely with Property Owners Associations.

These are just a few of the many issues that we must face in the next three years. I feel that because of my experience with these issues already, I am well equipped to continue the hard work and make the decisions required.

I am asking for your support on Election Day. I urge you to vote.

Thank You. Tom Gardner

HICKS, Jim

My roots in Stanhope Township go back to 1936 as a summer camper. In June 1986 I retired and moved to our home in Haliburton. I have served as a Councillor in Stanhope for nine years and have been on the following committees: Board of Management; Recreation; Fun Day; Heritage; Roads; Staanworth Housing; and the Transition Board with its sub-committees—Airport; Recreation; Heritage; and Budget. Because my health is good, I have no other job, I am not a snowbird and I live in the Township, my attendance at all

those meetings is in the 98% range.

Considering the experience gained from serving on the Transition Board, I have decided to run for one more term of office. We have many challenges facing us in the next three years and I feel I am well positioned to contribute to the successful completion of these challenges.

Briefly, here are the issues which we face:

1. Look for long term savings from amalgamation.
2. Maintain services at present levels and improve where possible.
3. Lengthen the viability of our landfill sites and work toward County control.
4. Develop a more effective septic inspection program.
5. Consolidate three fire halls to serve the emergency needs of our new community.
6. Consider the advice contained in the Randolph Economic Development report regarding Stanhope Airport and its importance to the growth of our county.
7. Consolidate all by-laws from both townships and create one Official Plan.
8. Be cognizant of the importance of good roads.
9. Continue to consider the needs and interests of all residents.

Finally, I promise to be readily available for any problems or concerns you might have. I am as close as my local telephone 489-2297. Thank you for your continued support.

Jim, Hicks—seeking election in Stanhope Ward 2.

COUNCILLOR WARD THREE
(MCCLINTOCK, LIVINGSTONE,

ONE TO BE ELECTED)

SANDERSON, Garry....
SHORTREED, Don....

DYSART ET AL

REEVE

FEARREY, Murray: Acclaimed

DEPUTY REEVE

DAVIS, Bill FERGUSON, Al

Al has the leadership and management skills that Dysart et al needs in a Deputy Reeve and County Councillor.

A permanent resident since 1995 and past president of Drag Lake Property Owners' Association. Al was elected Councillor of Ward II in 1997. He chaired the Economic Development committee and was active on many other committees.

Before converting from seasonal to permanent, Al worked in the computer industry, in both technical and management capacities for 30 years. Early retirement offered him the opportunity for him and his wife Diana to move to Drag

Lake, the place they both loved more than any other. A decision that is reinforced every day.

Al wants Dysart and the County of Haliburton to grow economically. But he also wants to preserve the natural beauty, lifestyle and sense of community that characterizes this region and is its chief attraction.

Along with his colleagues on council and committees, he has been actively seeking out businesses that have employment and economic potential, but do not threaten the environment.

He is aggressively searching for the best, most effective and economic solutions to our garbage problems. He knows that supporting increased recycling practices will only go so far since it has been forecast that the permanent population is due to increase by 25% over the next ten years.

Al strongly supports more hard surfacing of roads in Dysart.

He is working hard to ensure that Dysart's share of the 9-1-1 project is on track and on time.

Al wants to be elected Deputy Reeve of Dysart et al because he knows that, at this moment in time, he is the best candidate to advance this vision.

HODGSON, Lorne....

STINSON, Nancy

I am a native of Haliburton County: born and raised here (with a few years living in Toronto). My family have owned and operated the Valu-mart/Red & White Stores here for the past 50 years. My husband Michael and I have 3 grown children. We moved from the Village of Haliburton to the shores of Drag Lake/Depot Bay five years ago. I am presently employed as a Property Superintendent for the Girl Guides of Canada. And previously worked as a Law Clerk specializing in real estate here in Haliburton County.

Because of this move from village to the 'cottager' local, I am aware of the issues that concern both the seasonal and non-seasonal people. I feel that I am more than able to represent them fairly.

I was a member of the Haliburton County Board of Education for 17 years as a trustee and 2 years as the chair of the board. I dealt with people on issues such as taxes; school closures; contract negotiations and also speaking to the concerned people of this community when asked to.

I have been a volunteer within the community throughout my adult years and continue to do so. A few of these volunteer positions are as follows: 6 years with the Boy Scouts of Canada (Haliburton); 18 years with the Girl Guides of Canada (Haliburton County);

This area has grown rapidly over the past few years and I have watched and read the various views and one of my main concerns is that ALL persons are treated the same, whether they are seniors; middle-aged; teenagers or children.

I am concerned about the future of Haliburton and where we are going and how we will get there.

I ask for your support at the up-coming elections for Councillor, Ward Two, Dysart et al.

WALKER, Jerry

- 23 year resident of Haliburton County.
 - Owned and operated Walkers Heating & Cooling since 1982. Employing 6 full time persons.

Community Involvement:

- Past president and member of Haliburton Rotary Club, 16 years.

- 10 year volunteer fireman - Dysart et al.

- Chairman, Ducks Unlimited, Haliburton/Minden Chapter.

- Provincial Director at Large-Ontario Federation of Anglers & Hunters.

- Provincial Convention Chairman - Ducks Unlimited

Past Director - Haliburton Highlands Outdoors Association

- Board Member - Fish & Wildlife Advisory Committee

- Past Board Member-Ontario Trillium G.R.T.

- Dysart Councillor Ward II 1991-1994.

Reasons for Running:

- Genuine interest in future development and growth of Haliburton County.

- Knowledgeable understanding of needs of Permanent and Seasonal residents.

- Assist to increase infrastructure to meet growing and changing population.

- Will support projects to improve parks, recreation and nature facilities.

Having served the past 3 years as Deputy Reeve and the previous 3 as Councillor for Monmouth Township, combined with my occupation as Broker/Owner of a local Real Estate firm, I feel this allows me to better identify with the diverse needs of all ratepayers. Also, my strong commitment to the area over the past 11 years has afforded me the opportunity of being continually involved in the community as a volunteer. Involvement includes such areas as chairperson of the Recreation Board, Volunteer Firefighter, member of the First Response Team, director of the Monmouth Curling Club, and trainer, novice level, Minor Hockey.

In the New Year, this community, along with our neighboring communities will be moving in a new direction, together. This will change the local representation from five specifically for this area to one. I feel as a Councillor, one of the most important responsibilities will be to continue to work with and support the volunteers. This can be accomplished by setting up a structure that ensures the continued community spirit while adapting to a broader identity, and making sure the volunteers in the area will continue to see their efforts acknowledged.

However, as a councillor of the new municipality, it will be as important to look at the 'Big Picture'. Areas such as waste management, water quality and municipal related Health services will be a concern to us all. These will be issues that will have to be addressed immediately, and with my past experience on council as well as my teamwork, communication and negotiating skills acquired through previous areas of business management, I feel that my re-election to council will be an asset to the new municipality.

STOUGHTON, Gary....

TRILLIUM LAKELANDS BOARD OF EDUCATION X

Dear Neighbour:

I was born in Haliburton, raised in Oshawa and now reside on Algonquin Drive, Benoir Lake.

I am retired from the Durham District School Board where I worked in full and part time capacities from 1970 to 1998.

The school community consists of not only students and teachers but includes parents, school administrators, school trustees, social workers, public health nurses, psychologists, police, probation officers and many more. No matter how you slice it, our children are everybody's business. We all share in the responsibility for building and constantly improving an education system that shapes our children into productive, caring citizens. All students have

the capacity and desire to learn if given the opportunity and encouragement. A good school community can do that.

My affiliation with children has always been a rewarding experience for me. I have always been an active community member. I have had leadership roles in such youth organizations as Brownies, Guides and Cubs. I have coached children's drama, baseball and bowling. I believe partnerships formed between schools and the community greatly benefit students.

I have encouraged and helped develop student and staff handbooks, community and school newsletters, and illustrated stories for learning disabled students.

The Trillium Lakelands District School Board consists of a vast geographical area covering 11,756 square km. with 45 elementary schools, 7 secondary schools and 5 Adult Education Centres. In Haliburton County we have 6 Elementary schools, 1 secondary and 1 Adult Education Centre.

The elected school trustee is more vital now than ever to education in our local community. The community grants its trustee the right to make decisions reflecting the values, needs and aspirations of the community. As the community's voice in education I would present the concerns of the students, the teachers and the community to the Board. My aim would be to get the best possible education and equitable access to educational opportunities for all students of Haliburton County. I am confident that I have the skills and background to be a committed and knowledgeable trustee. Let me be your strong local voice, your advocate that the community of Haliburton County cares deeply about our students and wants to make our schools the best place for our dot.com generation to achieve to their fullest potential.

Taxes

In the past four years every municipality has lost hundreds of thousands in provincial funding. Unless the prov-

ince puts funding back, taxes cannot be reduced without reducing services.

Waste Management

My research convinces me that we should have a recycle plant adjacent to a safe landfill site, owned and operated by the municipality. Construction and staffing to be done locally. I have inspected a plant in Aylmer and there is one in Northumberland County. These plants work well. Without a recycle plant we cannot achieve the diversion rate of 50%, set by the province. The Deadline is 2001.

Important Issues

The Ministry of Natural Resources and Ministry of Environment must be much more diligent: protecting our natural resources and preventing the pollution of our environment. Especially air and water.

This area was built by volunteers and cannot survive without them.

Our ambulance service is county owned and privately operated. The new city must own and operate this service.

*My promise: As I have proven,

I will go that extra mile for you.

LUFF, Andy....
WHITE, Peter

Peter White, a Norland area Chiropractor, is currently sitting on the Laxton, Digby and Longford council. Peter has worked hard and takes the responsibility of councillor seriously. Those who know Peter view him as an honest, open minded individual dedicated to his community.

He has respect for the long, rich heritage of Victoria County and would support a public referendum on the name. Peter is also a proponent of town hall meetings and hopes the town hall concept will give residents of the wards, a voice

(more on page 11)

CITY OF KAWARTHA LAKES X

(continued from page 10)

in government.

Peter has been very active as the local political representative on the Haliburton Health Services Board (HHHS). He sits on the Strategic Planning and Capital Planning committees for HHHS. He is also their representative on the Rehabilitation Committee for hospitals in the Haliburton, Kawartha and Pine Ridge area. He believes that good municipal planning involves providing access to community health care prior to industrial and residential development. Also, rural area access and universality must be mandatory.

He would like to see a moratorium on taxes and decisions regarding services until the rural communities have a chance to decide what services are important to them. Equalization of services would undoubtedly mean escalating taxes for rural areas. People may not want or consider these services necessary. A main concern for Peter is that costs and services be controlled. He feels his local business and administrative experience has given him the necessary tools to ensure the best interests of the Community of Victoria will be served in the future.

Peter White has been a practicing Chiropractor for 22 years and has 13 years of lecturing, administrative and research experience. He has also held the position of Associate Dean with the Canadian Memorial Chiropractic College and holds a Master of Science Degree in Nutrition.

Should you wish to discuss your issues and concerns, he is available at 454-2784.

COUNCILLOR WARD THREE

BYRNE, John

John was born in Toronto in 1948. He and Sandra married in 1970. They have three children. In 1996 John retired from Bell Canada. During his distinguished career he held several key positions. Two of the more notable were that of Internal Auditor and Associate Director of Industrial Relations. Their home fronts onto the Burnt River and they live in Ward 3 year round. In 1997 he was elected as a Councillor for Somerville Township.

John feels the main challenge will be to ensure any savings realized are passed onto Ward 3 ratepayers, and that a leveling of services throughout the municipality occur within a reasonable time frame. All this must be accomplished while services Ward 3 ratepayers currently have do not diminish greatly. Dianne Austin, Reeve of Somerville endorses John as your Ward 3 Councillor. Dianne knows John's experience and previous success in handling downsizing tasks will be a valuable asset to Ward 3 ratepayers in the new municipality. Re-elect the right person for the job ahead.

CAMPBELL, Noni.... DUKURS, Egils.... HUKE, John

The first election for the new City of Kawartha Lakes has all existing and future services as issues. In my opinion, of most importance are change and people.

Restructuring has saved millions in the past few years, but few people have seen taxes lowered. I will promise to lobby and debate for at least 50% of all direct savings be used to lower taxes.

Vote
John Huke
Councillor
WARD 3

Change without a reason is not progress. As Chairman of the Waste Management Task Force, for the City of Kawartha Lakes Transition council, I can assure you the waste management issue is one which will in the future require Ottawa and Queen's Park to eventually realize the serious problems which most municipalities face cannot be overcome without their expertise and funding. Lower tier government cannot cope with the cost and the never ending change legislated by new Councils every three years creating never ending studies at great expense. Only the consultants win.

Drinking water in Kinmount will undoubtedly also require the understanding and funding of upper level government. I believe and promise to attempt to have a special task force formed by the new council to deal immediately with water issues throughout the new city.

Canvassing during the past three months, you the people have told me you do not like the term "city" and wish it be changed. It would also appear that you would like "Victoria or New Victoria"! A referendum is the logical solution to the issue and I would support such a motion. I ask for your support and vote offering many years of municipal government experience and dedication.

John Huke: Somerville Council - 8 years; Somerville Reeve - 6 years; County Council - 6 years; Somerville Resident - 40 years; Married to Maxcine - 46 years; Three children; Five grandchildren

MacDONALD, Jack

As the current Deputy-Reeve of Somerville Township, I would like to thank those that have elected me and wish to inform you that I have decided to seek re-election as the sole councillor in the newly formed Ward 3.

Although I valiantly fought against one tier municipal government, it is now upon us. Many people have come forward and asked me to run in this election because they want strong leadership. They know that I will give Ward 3 a strong voice and will not be dissuaded from upholding the rights and concerns of the citizens who reside in this area.

Victoria County as we know it, exists no longer. On the dawn of the new millennium the entire political system in our municipalities has changed. You need an experienced person to guide our area through this.

I have proudly served as your representative for 9 years on Somerville Township Council. As well, I currently serve as a director on the Ontario Property Assessment Corporation and have overseen yearly budgets of \$125,000,000. If elected my experience will lead us through this new democratic process.

During my political career I have been accessible. I am just a semi-retired, local businessman who wants to make the future Ward 3 the best it can be. I am against increasing property taxes and am proud to say that there has been no increase in the municipal share of tax during my past 6 years on council.

I have a reputation as being independent and progressive. My greatest pride is my family and I want the opportunity to ensure that the future generations enjoy the beautiful Kawarthas as much as we do.

Change is part of life and we don't have to like it - BUT we must make the most of it. Decreasing the size of council down to one voice is a huge step. We need to organize local meetings and get the public's input of how they want their area run. Town meetings have been around since the Roman times AND they work!!! I want to give the public a forum where they can express concerns and thoughts. Please remember whomever you vote for in November should represent YOU and the best interests of Ward 3.

Remember in this time of political transition, the residents of Ward 3 are the most important. If you have any concerns or questions I am more than happy to discuss them with you. Please contact me at 705-454-8004 or email jackmacdonald@sympatico.ca

THRASHER, Audrey

Audrey Thrasher has been a dedicated councillor for the past six years.

As a councillor, Audrey has been a vital part of the decision making process. She has capably represented your

needs.

She maintains your interest on:

- Chair of the Personnel Committee at the Township of Somerville
- Kinmount and District Health Services Committee, and was instrumental in helping to find a doctor for the region.
- Kinmount Committee for Economic Development
- Burnt River Library Advisory Committee
- Founding member of the Burnt River Project 2000 committee.

A message from Audrey Thrasher:

It is my full intention to hold the line against increases in taxes, and to uphold the level of service.

I can and I will ensure fair representation for the ratepayers of Ward Three.

I will support your needs and concerns, and give the best possible representation.

Living and working in the new municipality will be challenging. There will be many changes, and it will be a trying time for all of us.

It will take work to make it work.

I respectfully ask for your support, so that I may begin that work.

To contact Audrey: Telephone: 705-454-9172; Email: audrey.thrasher@sympatico.ca; Webpage: www3.sympatico.ca/audrey.thrasher

TRILLIUM LAKELANDS B. OF E. X

SCHOOL BOARD TRUSTEE, WARDS 2,3,6,7

BURTON, Virginia.... ORR, Bob

Bob and his wife Carol live in their home in Burnt River. Though they have been property owners for 15 years, they chose to retire to their Burnt River home five years ago. They are proud parents of a son and daughter and have one grandchild.

Bob served as school trustee on the Toronto Board of Education for 13 years.

During Bob's time on the Board, he served as vice-chairman for two years and chairman of the following standing Committees: Personnel and Organization, Business Administration, Finance Committee, Property Committee and Public Information Committee.

Bob was Toronto representative on the Metropolitan Toronto School Board for six years. This board served as the coordinating body for all the boards in Metro Toronto.

In 1998, Bob initiated and formed the Burnt River 2000 Committee and presently serves as chairman.

Chairman of the Management Committee of the Burnt River Somerville Community Centre.

Member of the Advisory Committee of the Burnt River Library.

Volunteer for Meals on Wheels.

On November 13th, you will be electing a school trustee in Wards 2, 3, 6 and 7 to represent you for the next three years.

(more on page 12)

(from page 11)

Bob has always had a great interest in the education of our future generations. This is why he would like your support on November 13th.

The importance of a good education is the foundation of the future of this country. Today, with life in the high-tech lane, education is more important than ever.

I am concerned about the erosion of local decision making at the School Board level by the Provincial Government.

The province has centralized authority in Toronto and I am sure they are not aware of situations and problems unique to our area.

Local problems should be solved locally.

The present dispute between the Province, and the Teachers' Union has resulted in the withdrawal of extracurricular activities. The Board must do everything in its power to assist both parties towards a resolution. This is top priority as our students are missing out on this very important part of their education.

At present, the provinces is funding the School Board on the basis of equal funding for each student. However, this does not take into account the special needs child. Funding must be provided that will make the programmes and the necessary support available to these special students.

Funding should be made available for after school activities in the elementary school. These programmes are important for the development of our students. Education is not just the three R's, but should consist of developing and nurturing the whole person, physically, mentally and socially.

If elected, I will endeavour to keep in touch through regular reports to the Parent Councils of the schools in the area.

I will be as close to you, the voter and parent, as your telephone. Bob Orr - 705-454-2787.

SCOTT, Reid....

SCHOOL BOARD TRUSTEE, WARDS 1, 4, 8

ALTON, Don....

DAWSON, Ernest....

BOB ORR
School Trustee
Wards 2,3,6 & 7

Background:

- Property owner for 15 years
- Resident since 1995
- Trustee, Toronto Board of Education for 13 years
- Metropolitan Toronto School Board for 6 years
- Involved in the community

Issues and Opinions:

- More funding for special needs students
 - Funding for after school programs
- I am concerned about the erosion of local authority. Local problems should be solved locally. I will work towards a resolution of the dispute between the teacher unions and the province to reinstate extra-curricular activities in the secondary schools. This is a top priority! Our students are missing out!!

Township of Galway-Cavendish and Harvey
Municipal Election 2000 - NOVEMBER 13, 2000

VOTE BY MAIL

The **VOTE BY MAIL** process is being used in the Township of Galway-Cavendish and Harvey and replaces the traditional polling method. This eliminates both advance and proxy voting and will hopefully provide a better opportunity for electors to exercise their right to vote.

By October 20th, 2000, electors should receive in the mail their vote by mail kit. The kits are specific to each elector and each elector is entitled to vote only once. Voter kits will consist of an instruction letter, a voter declaration form, the ballot, an inner secrecy envelope and a yellow postage return envelope. Upon receipt by mail of the voter kit, the elector shall complete the ballot, insert **ONLY** the ballot in the inner secrecy envelope, seal the secrecy envelope complete the voter declaration form and place the form and the sealed secrecy envelope in the yellow prepaid postage envelope which can either be mailed or delivered to the municipal office.

The **deadline** for receipt of ballots is **8:00 p.m. on Election Day, Monday, November 13, 2000**. To ensure ballots are received by the deadline, the return envelope should be mailed by November 3, 2000. Ballots received after the 8:00 p.m. deadline cannot be counted.

If an Elector does not receive the voter kit by October 31, 2000 they should visit or call the municipal office and verify or correct their status as electors and if qualified, a voter kit will be issued. If the voter kit is lost or destroyed, replacement kits can be obtained at the municipal office. The Clerk or designate will confirm that the elector is qualified, administer an oath, and note on the Voters List that a replacement kit was issued.

Electors are welcome to deliver their return envelopes in person to the municipal office (to be placed in a secured box) during normal business hours and on Election Day, November 13 from 10:00 a.m. to 8:00 p.m. As well, from 10 a.m. to 8 p.m. on November 13th, return envelopes may be dropped off at the Kinmount Legion Hall and the Cavendish Community and Recreation Centre.

A public reception will be set up in the Council Chamber in the Municipal Office, Buckhorn after 8:00 p.m. on Election Day, Monday, November 13, 2000. Results of the election will be posted in the Council Chambers as counting of ballots is completed following the 8:00 p.m. close of voting.

John W. Millage, Returning Officer
CAO, Clerk-Treasurer
705-657-8883

HOW TO...

Take part in the
2000 Municipal Election
via Vote By Mail

Vote By Mail

The 2000 Municipal Election is being conducted by Vote by Mail. All electors, on the Voters' List, will receive their Vote by Mail Kit in the mail, which consists of:

- a ballot
- a white Secrecy Envelope
- a yellow Return Envelope
- a Voter Declaration Form
- Voting Instructions

Municipal election day is November 13, 2000; however, in order to ensure delivery of your ballot on time to the

Municipality, the postage paid return envelope **must be placed into the mail by November 3, 2000**.

Qualified electors who have not received their Vote by Mail Kit in the mail by October 30, 2000, should visit the Municipal Office for your Township. Blank Vote by Mail Kits will be available for those electors that are eligible to be added to the Voters' List, or for those who have lost or inadvertently discarded their kit.

Author publishes first novella

'The Estate of Mrs. Pearl Whiteman'

by Matthew Sittler

An aged bachelor with regrets. A world from the past and the rural lives which animated it. Secret drama leading to the sometimes painful cost of love.

Local author and poet Shirley Anne McCormick's first published novella "The Estate of Mrs. Pearl Whiteman," covers this subject matter with touching depth and delicate humour.

The first large work she's had published, Shirley spoke about the story she had wanted to tell - a story about the world her parents once inhabited.

"I have a big respect for farm people and I love the country," she explains, "I wanted to write about what life was like for people both economically and socially at the time. It was a different world."

The demographic trend beginning in the 1920's onward, which saw people migrate from rural living on family farms to urban life, provides a backdrop for the 92 page story. Seen from the perspective of main protagonist Bert McCarthy's point of view, "The Estate of..." follows his love for Pearl Varsey

from the moment he first lays eyes on her at school.

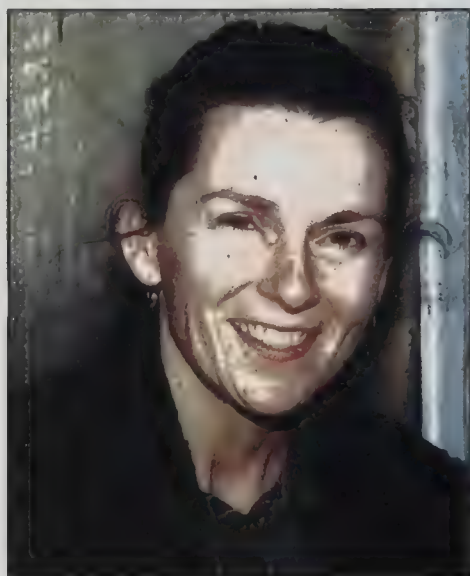

"He's born on the farm, has country values, not meeting a lot of women," says McCormick of Bert's character. "He has a very simple life, a pure kind of way of life." For people in this story, life just happens. Through ups and downs, how they deal with it, is what fuels their lives within the storyline.

"He loves Pearl," says the author, who is reluctant to say much more, as the work spans such a number of years. "The area in the book is inspired by a huge, rural farming community where my mom was raised, so in my mind, the setting is real - the story is fiction," says McCormick, adding that the tale is "for people who enjoy a moving story and an understanding of what life was like during the last century in Ontario."

A prolific author, McCormick says she finds time to write a little bit each day, mostly poetry, which she collects after a month or two and submits for publication. The novella came together over the better part of 13 years. "There are some pieces that I will put away for awhile, because you want to have fresh eyes and you want to be able to slash it to bits and re-write it," says the author. "Because when you write something, you just love it."

A member of the Canadian Authors Association(CAA), McCormick was eighth out of 300 entrants for her contribution "Mr. Polusky," in a short story competition sponsored by the as-

Book launched Thursday

(from page 20)

sociation in 1997. More recently, Shirley won first honourable mention this year for her contribution to a compilation of 17 stories and essays. The book, entitled "Winner's Circle Eight," is published every year by the CAA's Toronto group, of which McCormick is a member. Covering her experiences in the Rockies, the essay is titled "Canada's Rocky Mountains: A Grizzly Affair."

McCormick also writes about environmental and social issues. She has a degree in environmental studies from the University of Waterloo among other education distinctions, "I belong to two poetry associations," continues Shirley, "They have their own publications to which I submit my poetry." It was

through one of these publications, "Word", that McCormick learned of Boheme Press's call for novels. "The publisher is trying to promote new authors, and my novella is the first large piece of fiction that Boheme has published," she says, elated because it was her first choice to submit to. "This was the only publisher that I submitted my work to, because not many publishers want novellas, so I was very pleased that they loved it."

The book was launched last Thursday by Boheme and will be carried in Chapters and Indigo bookstores. It is also available presently at the Agnes Jamieson Gallery, for \$14.95, until October 28. It is expected to be available soon in local Haliburton and Minden book stores.

For now, the self-described "earthy-person", has plans to edit another work of fiction, currently entitled "Redstone Creek", which, says McCormick, a lot of area residents will recognize for its particular Haliburton-inspired locale. Hopefully finished by

Christmas, the story covers a year in a group of people's lives.

Distinctive and emotionally mature, McCormick's vivid and clear style of writing will win over those who enjoy a strong story and who have a love of the past. Unflinching in its take on the regret true love sometimes provides, readers can expect to have heartstrings pulled. Knowing this, "The Estate of Mrs. Pearl Whiteman," stands out from other tales with its own poignant achievement.

Nancy Roberts - Said she was a people person, who thought present council has done a good job. "I have a true concern for the whole municipality, it needs to grow and prosper and we need to guide it in the right direction."

Ward 2

Lorne Hodgson - Said he wants to get involved in municipal politics because he feels planning is urgently needed in Haliburton. "They will drown us, they will bury us, but they will bring bags of money," he said referring to the Haliburton County Development Corporation's survey which predicted an onslaught of permanent residents moving to this County within ten years. "Let's use this money properly," he said.

Nancy Stinson - Said she was aware of the concerns of both seasonal and permanent residents. "I am a people person willing to listen to all concerns residents have," she said noting she would like to maintain the friendly ambience Haliburton currently enjoys.

Jerry Walker - "I have a genuine interest in the future growth of Haliburton," he informed the audience. "I'd like to assist and continue to build the infrastructure that will be necessary to meet the growing and changing population of our area." Through supporting projects that would improve parks and recreation facilities, Walker said he would push for access to these for all residents. "If anyone has any concerns, they can reach me at my business or home numbers."

Ward 3

Tom Coughlin - "Roads are our main concern in Harcourt," noted Coughlin. "I am happy to say that with the present council's help, we have built a lot of roads in Harcourt." Coughlin hopes to build more roads should he be elected.

Mel Smith - Said he believed in community planning. "I am a dedicated community person," he said. "I believe in protecting our environment and protecting Haliburton's lakes, forests and habitats." Promised to be a diligent protector of the tax-

payer's money.

Ward 5

Dan Kay - "We must be able to look at all sides of each issue to make informed decisions," he said. "Now, more than ever, citizens must keep close watch on what is happening, the downloading of services from the Provincial level has created a whole new playing field."

School Board Trustee Candidates

David Freeman - "I am interested in the board of education process," he said. "I am involved and wish to stay involved in the great school system we have in Haliburton County."

Kelly Schollig - "I am a mother of four," she announced. "One in high school, one in middle school and two in primary school - that would be my best motivation for applying for this position." With communication we can do it, she intoned. "Children feeling successful and confident, parents feeling informed and teachers feeling supported and appreciated," sums up this candidate's platform.

Valerie Smith - "A school board is a partnership between students, educators, parents and community. No matter how you slice it, our children are everybody's business." By sharing the responsibility and constantly improving the education system, this candidate believes children will be shaped into the productive citizen's of tomorrow. "I feel the elected school trustee is more vital now than ever before."

Community Learning Centre

Unlocking the mystery of the computer and building dreams

(from page 4)

there are about 15 students in the upgrading program. The focus here is on credits in math, English and a subject called careers. The intent, she points out is for the students to acquire enough credits to obtain a high school diploma and thereby improve their employment opportunities or upgrade their education enough to enable them to advance to college level courses.

The course in careers teaches the students the skills needed to obtain employment. It also helps them assess their own capabilities, to understand the career opportunities that will be available in the years ahead. "We try to expand their horizons for careers," Willis explains. "For the older students we also validate their life experiences. Previous employment, the fact they have been a mother and homemaker, these were all learning experiences."

While the classroom setting provides a personal supportive atmosphere, the school will soon also be offering a distance learning program over the internet. The local school board is teaming up with the Avon Maitland School Board in Southwestern Ontario to offer this option. Each of the adult education centres within the two systems will specialize in a subject area. Students taking a course will be monitored by a teacher at one of the centres who will assist with the learning experience and assess the students' progress. Virtual learning expands the notion of flexibility, meaning that students who are only free late at night or on weekends, will be able to take high school level courses from their own home.

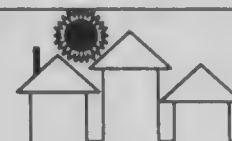

Willis noted that in addition to earning the credits, the courses instill a new sense of self-confidence in the students. "It is inspiring to watch the students learn and grow as they move through the lessons," she adds.

The second classroom at the Community Learning Centre is filled with an equally earnest group of students, however these people are somewhat older than those who are working toward their high school diploma. They have been attracted to the centre by its computer instruction program.

Taught by Lori Sergeant, the ten week program is designed to give neophytes a comprehensive overview of computers and the most common basic programs. Working in two week modules, the students, many of whom are senior citizens, learn about word processing, Windows, data bases, spread sheets and the internet. A second level course takes these skills to a higher level. Each course is offered to 25 students. One takes place in the morning and the other in the afternoon.

The courses have proven to be very popular. "They provide a smattering of everything about a computer," Willis explained. The students gain a confidence and basic knowledge that reduces the intimidation factor when it comes to using computers for personal use.

The adult learning centre is operated by the Trillium Lakelands District School Board. Students must pay a \$15 registration fee after which they can take as many courses as they wish.

Art classes will be offered

Discovering the children in art

by Matthew Sittler

While art can be appreciated on many levels, rarely are it's self-affirming properties emphasized while being taught to kids. Sure, there are proud moments as the child shows his parents a colourful creation or the magical thrill when a star is added to a well-drawn picture, but art's power to reflect a child's inner state, mood and personality is rarely critiqued or analyzed - (except perhaps in the divorce court when pictures are held up to demonstrate the 'happy' drawings a child made while staying with daddy.) Nevertheless, art in this capacity can be a valuable tool when trying to gauge personal feelings and aspirations a child may have about him/herself on his life's journey.

It is this endeavor that local Artist Donna Bisschop (who has worked with children in this manner) will be teaching once again through a class entitled "Self-Esteem Through Art", at the Agnes Jamieson Gallery. Recommended for children ages 8-12, the revealing nature of a child's hidden life and art's meaning will come to the fore for those who take this uniquely-inspired course. Classes begin Thursday, November 12 from 3:30 - 5 p.m., and will run for the duration of Thursdays in November. "I started drawing as a very young child," explains Bisschop. "Paper was where I was free - my feelings went onto the page."

Bisschop has worked with children over a long period of time and says she knows how a child's personality is reflected through artwork. "You can't hide how you feel if you allow yourself to draw," she explains. "You can sit and say 'I'm going to draw a happy picture', but if you are feeling down, it may appear as a happy picture - but there will be something odd about it."

Knowing that the artwork doesn't lie about who we are as human beings, the process, says Bisschop, is an important tool for kids - something she describes as a gift. "It's an insight into who they are, and it gives them an opportunity to look at their own inner feelings."

"In Exeter, I ran the five week course through the public school as well," she said. "It was very well received. The first night we made shields/coats of arms. I would say to the kids, 'You know yourself better than anybody'". Traditionally, in Celtic and Indian traditions, people made a point of showing others who they were visually - whether on medicine shields or coats of arms. "It says 'This is who I am,'" she explains. "So people were taught to visually make pictures of aspects of themselves that they considered to be important."

Sometimes serious, sometimes funny, the fact remains that there was some healthy reflection going on - this translates to a child's world remarkably, says Bisschop.

"It's interesting, because they end up picking things about themselves that they would like to accomplish," she says.

Bisschop's course teaches the art of drawing faces, body and perspective through the overall self-esteem

Artist Donna Bisschop uses art to help children realize their full potential.

theme. "The last session involves a big door on which the kids are basically encouraged to make a statement," she says. "Pictures about who they are, and what they want to do. Kids are our future, and if we don't encourage them to have a personal voice and goals, we are doing them a disservice."

The cost to attend "Self-Esteem Through Art" is \$10 per session, of which \$1 will be donated to the Agnes Jamieson Gallery, and \$1 will be donated to Archie Stouffer Public School.

ASES 7:30 p.m.

Atoms dominate despite barrage

On October 14th Minden faced off against their Fenelon Falls nemesis and the result was one of the strangest landslide victories that the fans have ever witnessed. Despite being outshot by a margin of 40-22 Minden outscored the Fenelon team by an improbable margin of 10-1.

Fenelon typically controlled the play in the Minden zone but just could not solve Minden goalie Mike Lennox. Meanwhile, Minden would break out periodically and would score on virtually every scoring chance they had.

Minden goals were scored by Matt Eno (3), Colin Callahan (3), Brady Hicks (2), Jordan Joanu and Sherri Walker. Assists were collected by Colin Callahan (3), Kyle Fry (2), Brady Hicks (2), Matt Eno, Jordan Joanu, Zack Pierson (2), Derek Nesbitt, Todd Simms, Billy Kulas.

The re-match with Fenelon would be the following night and everyone was wondering how both teams would react to the first game.

The re-match followed the same pattern as the first game however both teams played better hockey. Fenelon would still hold the edge in play, albeit by not as wide a margin as in the first. However,

Minden goaltender David Muir was called on to make a number of very good saves to preserve the Minden victory. Minden showed a bit more poise defensively but had a few less scoring opportunities.

Matt Eno led the way for Minden with his sec-

ond hat trick in as many nights and Jordan Joanu added another marker of his own.

Matt Clements and Derek Carpenter contributed solid defensive work as Minden skated to a 4-3 victory to sweep the season series with Fenelon.

Pee Wees win 2 of 3

On October 14th the arch-rival Newcastle squad travelled to Minden to do battle with the OMHA Pee Wee's.

Minden held the edge in play in the first period but could not convert until Cody Mills rapped in a goalmouth rebound from a Justin McKelvey shot. With the floodgates open, Minden scored six times in the second period to take control of the game. Sean Keaney lead the way with a 2 goal and 3 assist performance. Darren Brown contributed 2 goals and 2 helpers, and Steve Draker hammered a blast past the beleaguered Newcastle netminder for his first goal of the season. Mills rounded out the scoring with his second of the game.

Newcastle would occasionally break out with dangerous scoring chances but Minden goaltender Mike Lennox turned in another strong performance between the pipes to thwart their attack.

Minden 5--Ops 2

On the following evening Minden took to the road to face Ops. The hosts turned in a very tough, defensive performance and successfully clogged up the neutral zone for most of the first two periods. Darren Brown opened the scoring in the first period with assists going to Jon Petch and Keaney. However, Ops scored the next two goals to take the lead.

Pee Wees drop one to Manvers

(from page 26)

The turning point came with four seconds left in second period when Mark Fisher took a Keaney pass, stepped over the blue line in full flight and blew a slap shot past the Ops goaltender to even the game.

Minden then took control of the third period with Andrew Bull and Gavin Hicks each turning in particularly strong defensive performances. Minden scored three times in the third to ice the victory. Brown and Walker would each score again as would Travis Brown. Gavin Hicks, David Toye and Keaney picked up assists and Minden skated to a well-earned 5-2 victory to open the season with a 4-0 record.

Minden 2--Manvers 5

On Wednesday the 18th, the Monarchs travelled to Manvers. The game started in an ominous way for the Monarchs when Manvers broke in on a breakaway barely 30 seconds into the game. Mike Lennox made the initial save but the Manvers attacker whacked in the loose rebound on his way past the net. This play set the tone for the entire game which ended up as a 5-2 loss for the Monarchs.

Fisher and McKelvey scored for the Monarchs and Walker notched an assist.

After the first two weeks of the season the Monarchs have an enviable 5-1 record but tough games against Woodville and Omeme loom on the horizon.

HHS applies for more LTC beds

by Matthew Sitrler

40 plus 92 equals 132. That's the number of Long Term Care (LTC) beds that the Haliburton Highlands Health Services Board (HHS) would like to have at a minimum, in place between the Hyland Crest and Haliburton Hospital sites.

At the October 12 board meeting, members voted to apply to the Ministry of Health for 40 new LTC beds that would join the 92 which are already in operation. An additional 15 new Complex Continuing Care Beds will be lobbied for as well. Board Executive Director Foster Loucks explained that these applications may take advantage of the Province's commitment to provide more LTC beds through its capital expansion program.

Up to 50 local residents are estimated to be on a waiting list of patients who could make use of these

combined beds, should the applications be approved. "The Steering Committee is recommending that Haliburton receive 15 complex care beds," said Board Member Dr. Scott Coles, noting that, "There was some concern about the number of beds we could support."

In light of the recent Haliburton Development Corporation's survey, which indicated that an influx of seniors would be expected in Haliburton over the next decade, the applications are being made now with that future in mind. "The train is in the station today," announced Board Executive Director Foster Loucks.

The 15 bed application results from recommendations made by the Regional Joint Executive Committee (JEC) to the District Health Council. The Council is presently preparing a report for the Ministry regarding distribution of new non-acute care beds throughout Haliburton.

HHSS school parents council report

--submitted--

It's that time of year again! The 2000/2001 School Council of Haliburton Highlands Secondary School (HHSS) is up and running. Some old faces, some new.

If you're keeping abreast of things educational, you'll know there have been lots of changes taking place. The staff at HHSS are striving hard, as Principal Gary Brohman says, to create a different shaped box to integrate all of these changes.

Teacher Advisory Program: This program is a change that looks like it will be of real benefit to our students. Students will meet with their teacher advisor for 30 minutes each week. They will discuss how things are going, and especially goals for the future. Laurie Turner, Student's Council rep to the School Council, says the best aspect of the program is that a student will have the same teacher advisor for their whole high school experience.

Grade 10 Testing: Parents should be aware that Grade 10 reading/writing testing took place October 11 and 12. Two 60 minute tests were given over the two days. Parents will get a report of the results and remedial work will be given to students who fail. The tests will be a great indicator to feeder schools as to how well students are prepared in reading and writing, to go on to do Grade 9 and 10 material.

School Council Voice Mail: This year we want to make it easier for parents to express their concerns on any area of school activity. To do this, you may call the school at 457-2950. During school hours, ask to leave a voice mail message for the School Council, which is extension 549; after school hours, simply select extension 549. This line is private and confidential, for School Council members only. The

teaching staff will not be able to access these lines.

Co-curricular Activities: It's in the news. It's controversial. But, it's a go at HHSS. While the following may not be the full complement of activities from years past, it is good to remind ourselves that many schools have not had co-curricular activity for a couple of years now. Here are some of the activities taking place: two boys' football teams; two girls' field hockey teams; one intramural girls' baseball team; co-ed drop-in volleyball; art club; three music bands; drama--there will be a co-production with the Highlands Little Theatre of the play "The Real Thing". There are no regional sports leagues because there are no teacher convenors in the Trillium Lakelands School District this year.

School Council Members: The members of the council this year are: Peggy Morgan (Chairperson, parent), Kim Burke, Cheryl Curry, Jane Johnston, Cathy Lewis-Lloyd, Lori Rolfe, Jo-Anne Sharpley, Steve Smith, Sophia Tink all parents; Heather Seabrooke, Mary Turner community representatives; Katharine Hagerman, Laurie Turner student representatives; Steve Phillips teaching representative, Debbie Sternberg non-teaching representative, and Gary Brohman, principal.

Coming Events: Parents' Night: November 15, 7:00 - 9:30 p.m., in the athletic complex

Next School Council Meeting: Monday October 30, at 7:00 p.m., at the school (note date change). On the agenda will be bussing concerns, and Chris Duchene, Head of Guidance, will be coming to discuss how school prepares students to make post-secondary choices.

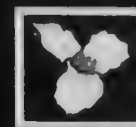

Student's Council Report: This year we welcome a report from the Student's

Council. Hopefully this will be a monthly update

Fall is in the air. That means exciting things for students of Haliburton County. The start of a brand new school year, new sports and a chance to take part in many student run activities.

The Student's Activity Council of Haliburton Highlands Secondary

Frost Centre hosts eco-tourism conference

Ecotourism and Adventure Tourism are two of the fastest growing segments of Ontario's tourism industry, one that is of great importance to the economy of the province. The provincial government has recently made a \$170 million multi-year commitment to improve the marketing of Ontario tourism. So, the Sixth Annual Ecotourism and Adventure Tourism conference this November is timely.

The Conference theme is: "Marketing and Promoting the Great Outdoors", and it runs from Thursday, November 16 to Saturday, November 18 at the Leslie M. Frost Natural Resources Centre north of Minden.

Highlight speakers include: the Minister of Tourism, Cam Jackson's address on Friday morning; Greg Belland of Travel Alberta; Dave MacDougall from Parks Canada; Greg Maud, consultant with Ontario

Parks; and Al MacPherson, founder of the Ecotourism and Adventure Tourism Management program at Sir Sanford Fleming College. Workshops on research, technology, product development and marketing strategies will run concurrently during the conference. Case studies of successful businesses in this field will be presented by their proprietors.

To register for "Marketing and Promoting the Great Outdoors", contact Sir Sanford Fleming College at (705) 457-1680, email valbishop@interhop.net.

Accommodation and meals will be provided by the Frost Centre at very reasonable rates. These must be booked separately by contacting Jennifer Webster at (705) 766-0504; her email is: jennifer.webster@mnr.gov.on.ca

HHSS MUSIC STUDENTS

are now taking orders for CITRUS FRUIT arriving late in November, fresh from Florida.

Navel Oranges	20 lbs	\$20.00
	40 lbs	\$32.00

A gentle Wind

Lori Reddering led the members of the Highlands Wind Symphony through a lively program during a concert at the Northern Lights Performing Arts Pavilion at the High School in Haliburton. The group attracted an appreciative audience to the concert on September 25, held as a fund-raiser. The Highlands Brass Quintet was featured as the guests during the evening. Reddering said she was pleased with the continuing support and is looking forward to sharing the music of the Wind Symphony with the community in the future.

Student dance proceeds donated to Terry Fox Run

(from page 29)

School has been very busy lately running various fund-raisers and programs for students to take part in.

The first dance of the year had over 200 people in attendance! A dollar from the admission charge went to support the Ontario Secondary School Students Association (OSSSA), while the rest of the proceeds were donated to the Terry Fox Run.

At the starting of October, the SAC ran a car wash in Haliburton at the docks. It was a huge success raising over \$400. The Students' Council is in the process of donating all the proceeds to the 4C's.

The student's council has also had spirit days which happen every other Friday. Students have a chance to abandon their everyday clothes and switch them for theme orientated outfits. So far, we have had "Hawaiian Day", "Olympic Hero Day" and "Track Pant Day". This Friday will be the host to the ever popular, "Rainbow Day"!

The students' council of H.H.S.S is currently planning a Halloween Week, which will include trick-or-treating around the school, a pie eating contest and a pumpkin carving contest. All students are welcome to participate! Until next month, Happy Halloween from the S.A.C.

The Haliburton County Studio Tour participants would like to thank everyone who helped make this year's Tour a success:

- All the businesses in the County who helped distribute brochures and who "talked up" the Tour.
- The Chamber of Commerce for answering all the phone calls.
- The Echo and The Times for all the promotion.

And a special thank you,
once again, to all the full-time
and part time residents who
bring their family, friends
and guests to see us.

Thank you.

Cops get quilts for kids

The Victoria County OPP is participating in a program to help children who have been victims in motor vehicle collisions and other traumatic situations. The youngsters receive a token from an OPP officer to help cope with the negative experience which is quite often present during these times. The OPP was using teddy bears for this purpose until they were no longer available. The OPP is pleased to announce the partnership with the Lindsay Creative Quilters Guild. Approximately 100 Victoria County women have donated their time in making quilts for kids. Without the assistance of this group, numerous children would not have the positive interaction with an officer. OPP officers will use these quilts to put a smile on a needy child's face.

Registration help

The Outreach Program to assist the public with completion of their firearms licence is once again coming to Haliburton County. Firearms License Assistants from the Department of Justice Canadian Firearms Centre will be at the following locations: Saturday, October 28 at 12 - 5 p.m. and Sunday, October 29 between 10 a.m. and 2 p.m. at Outdoors Plus, York and Maple St. in Haliburton.

The team will have the forms available for Possession/Acquisition Licenses. They can assist in completing the form, answering questions and tak-

ing the photo. This program is not for registering firearms. The public is reminded that these licences are required for 2001.

Man arrested, drugs seized

OPP members observed three males standing in front of a business on Highway 35 in Norland in the early morning hours of October 14. After speaking to the males, it was apparent that they were under the influence of a drug. The males admitted to the use of marijuana at which time the males were searched.

The officers located a small quantity of marijuana on 19 year old Patrick Truax of Dunsford. Mr. Truax was arrested and charged with possession of a drug. He will appear before Lindsay Court on December 14 in answer to the charge.

Missing Person

The OPP were involved in a search for a missing person north of Wolfe Lake, Livingstone Township, in Haliburton on October 15. A 55 year old male was reported missing on Sunday after he failed to return from a hike in that area.

The individual was found at 9:15 a.m., October 16, in good health. The subject had lost his compass, spent the night in the bush and was walking out when located.

THE CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE

(File No. SRA-99-11)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed by-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner, a portion of the original allowance for road, in front of Part of Lot 11, Concession 2, Township of Anson, County of Haliburton.

NOTICE IS HEREBY GIVEN pursuant to Section 300(1)(a) of the Municipal Act, R.S.O. 1990, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider, and if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on November 9th, 2000 at the hour of 10:00 a.m., a by-law to stop up, close and convey those parcels of land more particularly described as follows:-

A portion of the original allowance for road, along the shore of Big Bob Lake, being Part of Lot 11, Concession 2, designated as Part 1 on Plan No. 19R-6896.

The plan of survey is available for inspection in the Municipal Office, at Minden, Ontario during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said by-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there, hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said by-law and who applies to be heard.

DATED AT THE Township of Minden, this 3rd day of October, 2000.

K9V 5R8

Lowest or any tender not necessarily accepted. There are no reserved bids. Acceptance of tenders shall be based on written confirmation.

Minden Women's Institute November meeting

The Members of the Minden Women's Institute met at the Library/Cultural Centre on October 18 with the vice-president Rita Baird presiding. She welcomed everyone. We sang "O Canada" and repeated the Mary Stewart Collect. The roll call was answered by 18 members, each one telling what they liked about our village. All signed a sympathy card which was given to Bette Herlihey whose sister-in-law had passed away.

Jean Cox, the president, took the chair and thanked the members for serving tea at Hyland Crest. She spoke about the bus trip from West Victoria, that ten of us had accompanied them to the Cranberry Marsh and store, also enjoying the boat ride from Gravenhurst.

Irene Moore gave her card report sending out 33 cards since June. Collection for Pennies for Friendship were taken.

Dawn Boland, convenor of Citizenship and Legislation, spoke about the regulations and questions that she was asked when she applied for her Canadian Citizenship. Now she is very proud to be one. It made us realize how fortunate we are to be born in this beautiful country. She was given the usual applause.

The meeting adjourned. Rita Baird was a capable auctioneer for the craft and bake sale. The next meeting is November 15 at 1:30 p.m. at the same place. All ladies are welcome.

All enjoyed the delicious lunch served by Rita Baird and Pam Rolfe.

Mary Cox, Secretary & P.R.O.

Card players back at the tables

Hello everyone, we're back once again to chat with you. We've shared some good moments with many people this week.

The first group, the Minden Women's Institute, were our hosts at our Tea Party on October 12. There were lovely treats and wonderful companionship along with friends Jack and Ruth who provided great music. A good time for all. Our thanks to everyone involved.

The following afternoon, at our Happy Hour, Northern Jam joined us and brought some lively entertainment. What a good group...so much enjoyed. The weekend was fairly quiet with Rev. Burgess in on Sunday for his weekly pastoral visit. His time spent with us is much appreciated.

We were saddened to hear of the death of Lucille Clarke on Sunday, October 15. Lucille was in her 97th year and we will miss her. We send our condolences to her family and friends.

Our week began with a visit from a lovely young lady from the Salvation Army. We enjoyed our time with her and wish to thank her for coming. That evening, our avid card players gathered for their weekly session. It's great that we have two tables again, with Margaret Bessie partnered with Roy Nicholls and Harold Osborne partnered with Marjorie Watt. Roy and Margaret won two games. The other players were Daisy Bates partnered with Jason and sometimes Corinne, against Bessie Burke and Thelda Weston. In this group Daisy was the big winner with her lone hands. Such a good way to spend an evening. Our thanks to our volunteers.

More sad news, Beatrice Herlihey passed away on Tuesday, October 17. Our sympathy goes to her family and friends. Bea will be missed.

We were pleased to have Rev. Everall with us for Tuesday morning Chapel Service. Holy Communion was celebrated and we appreciated Ann McAdam playing the organ for us.

Our Pub Night this week became an afternoon Pub. The Happy Wanderers were here to entertain us and they sure did. There were sixteen of them from all over the county and what lovely singers they were. They delighted us with a wonderful variety of music including some numbers from the older musicals. What a great time! Apparently the total number of

this group is thirty. The other members were elsewhere delighting others with their songs. Our thanks to them all. We certainly hope they can come again and we also thank our volunteers for helping out.

We're happy to say that our canine visitors are still popping in. They're lovely dogs and we enjoy their visits.

Today our Tea Party is scheduled to be hosted by members of St. Anthony's

of Haliburton. We are looking forward to having them join us.

Our condolences to Jerry McKelvey and Cherie MacKeigan on the recent death of their mother, Elevean Ruth McKelvey.

Just a couple of more messages to pass on before we sign off.

Our congratulations to Jenni Sisson on the birth of a baby boy. We think we have remembered the details correctly. His name is Jesse James (after his grandfather) and he weighed in at about six pounds. You will have to forgive us if we didn't get things right. We're sure that someone will inform us if we goofed. Anyway, the thought is there. We're very happy for you Jenni!

We have a new resident, Violet Danilko and word has it that another lady will be joining us, Harriet Loucks. We welcome both these ladies and hope they will be happy with us.

That's it. We have enjoyed chatting with you. Now to leave you with our thought of the week.

*The smile on your face is the light in the window
That tells people you are home.
Says a lot. Doesn't it?*

Lindsay, Ontario
K9V 4S7
(705) 324-9870
(877) 324-9870

Attention: Christine Peel, Director

Around the County Town

by Nora Snyder (call 286-4450; email <mindenhouse@on.albn.com>)

Yesterday I was able to hang the sheets on the line to dry on a bright sunny day in the middle of October. I wonder if that will be possible again? I miss that smell of laundry which has been dried on the line during the winter months. I miss so much in the winter months!! I remember reading about a study recently which found that those who enjoyed winter were much healthier and better off generally. I believe it but I find it hard to do!!

But I did try to do something about it this year, in my own way. I made the decision to close the B&B for the winter; take a rest, do some things I want to do, dive into the pile of books waiting to be read, do some writing, and hopefully be all invigorated to face a working spring, summer and fall. A big decision to make but now that it is made I feel great!! Don't you find making the decision is the hardest part but once it is done and the air has cleared, it is much easier to get on with it? I will see what winter brings!!

On Saturday, October 7 an open house was held for Wilfred and Phyllis Ackerblade to celebrate their 75th birthdays which they both had in the month of October. It was nice to visit with neighbours, friends and relatives. This happy occasion was put on by their family.

First notice of St. Paul's Annual Turkey Dinner on Friday, November 3 with sittings at 5:00 and 6:30 p.m. Adults are \$10, 12 and under \$5 and preschoolers free. Tickets are available at Campbell's Flowers or call 286-2541. There will be only 75 tickets sold for each sitting so you'd better get on it fast to ensure your place at this splendid table!!

Editor Jack got an interesting call from Mary Colman at Halls Lake last week. She purchased one of those musical birthday cards for her neighbour, Lou Pennick, who has since returned to his winter hide-away in Hamilton. Lou turns 88 at the end of the month. She opened the card and it started to play 'Happy Birthday', however, when she closed it, it wouldn't stop as it is supposed to do. Now she is interested in just how long the little battery in the card can keep this up and is reluctant to send it off in the mail with the music playing. The editor's guess is that after a couple of days of listening to that same tune over and over again, she will be more than eager to drop it in a mail box. In any event, Happy Birthday Lou.

A reminder you have until Saturday, the 28th, to take in the members' show at the Agnes Jamieson Gallery. It is really quite wonderful to see the work of so many talented local artists and it is great to support them by showing our interest by attending. Have you

seen the painting of Minden House?

The last week of October. Enjoy it to its fullest!! November is fast approaching!!

SCORING NEWS

Thursday, October 12: Euchre at the Minden Legion: Most lone hands were won by Pat Roussel and Marcel Roussel. High scores went to Margaret Fletcher and Ed Hisson. Carol Hill and Jim Bradbury were the lows. Murray MacKinnon was the only winner of the draw.

Friday, October 13: Duplicate Bridge at Echo Hills: North/South top scorers were: in first with 54%, Maria Lehoczy and Bill Sandford; in second with 53%, were Wynne and Morris Hansen. East/West winners were: in first with 57%, Vange Croucher and Stella McMillan; in second with 56%, were Mildred Davidson and Hal Beach.

Saturday, October 14: Bid Euchre at Stannworth Terrace: Marcel Roussel and Pat Roussel were the top players. Esther Lee found the hidden score and surprisingly there were no moonshots for the day.

Monday, October 16: Cribbage at the Minden Legion: The winners were Verna McDonald and Elva Paisley. Gwen Cox, Joe Rivers, Gladys Wruth and Roy McDonald won the draws.

Euchre at the Friendship Club played at St. Paul's: Jack Chilton and Pearl Cowen won lone hands. High scores went to Kevin Maloney and Lynda Jones. Low scores went to Lorna Hicks and Laura Carnegie. Wayne Jones found the hidden score. Jesse Barlow, Betty Sharpe and Ruth Kellett won the draws.

Bid Euchre at the Kinmount Legion: Dorothy McElwain was first with Wib St. Thomas in second. One moonshot was won by Bill St. Thomas and he also won the 50/50 draw. It certainly was a worthwhile day for the St. Thomas' to come out to cards!!

Euchre at Club 35: Alvin Cowen won the 50/50 draw. Pearl Kernohan won lone hands and Ivan Kernohan was high man. Mary Pearson was high woman and Tom Pearson was low man!! Lots of family stuff going on!! Then Mary Schad was low woman and Margaret Fletcher accepted the baloney. One special prize was graciously won by Stan Dutka.

Tuesday, October 17: Bid Euchre at the Minden Legion: The winners of the day were Ruth Kellett, Isabel Cherwenka, Marcel Roussel and Dorothy McElwain. Kay Smith, Georgina Parkes, Marg McAfee, Kevin Maloney and Isabel Cherwenka all found hidden scores. On the other hand only two people found moonshots and they were Marie Dennie and Georgina Parkes.

Bridge at Stanhope: Two small slams were bid and made by Diane Boll with Frank Schlotter and Reet Murray with Ray Moore. Gloria Moore and Ray Moore were the top two players of the day. Gloria with a score of 5640 and Ray with 5210. They then were off to Florida after claiming these high scores. Isn't fair for the rest left behind!! Diane Boll was third with 5180 and Dorothy Strype followed with 5160. Pearl Foster was the winner of the Magic Number! The Special Award was resurrected for the day because the win-

ner of it was Ross Fletcher and that opportunity could not be missed!! Ross was the proud recipient of the T.T.D.A. (Torpedo the Director Award!!).

Bi-weekly Euchre at Gelert: High scores went to Reta Crofts and Gerald Silvers. Low scores were awarded to Ruby Francis and Don Curry. Harold Harvie won lone hands and George Bartley won the 50/50 draw. There will be no cards played on October 31, Hallowe'en. It's a time for the Kids!!

Wednesday, October 18: Duplicate Bridge at Parklane: North/South winners were: in first with 64%, Nick Lehoczy with Bill Sandford; in second with 56% were Joyce Burtch with Norma Crewson. In East/West: in first with 61% were Stella McMillan with Ross Davies; and in second with 58%, were Joan Galley with Lourene Scott.

Bid Euchre at Stanhope: Trudy Kroes, Grace Berardy, Gayle McConnell, Margaet Fletcher and Gala Stamp each won a moonshot. Top scores went to: Sharon Evans, 281; Muriel Harrington, 282; Bill Milford, 291; Len Kroes, 306; and to Trudy Kroes a whopping 314!!

Cards are fun at all times but we are entering the time of year when it must be especially good to get together with friends for a friendly game!! Enjoy!!

AT REST

HERLIEY Beatrice M.

Peacefully at the Hyland Crest Senior Citizens' Home, Minden Ontario on Tuesday, October 17th, 2000 in her 90th year. Beloved wife of the late Harold Herlihey. Dear mother of Carol Jean and Karl Marcus, Gloria Jane and Paul Stepanek. Loving grandmother of David and Radha (Chaddah) Marcus, Jean Marcus, Heidi and Jim Giannarapis Stepanek and Holly Stepanek. Loving great-grandmother of Kaya and Ania Marcus. Dear sister of Reta (Dolly) Keeting and sister-in-law of Bette Herlihey, Harry and Velma Herlihey. A loving and devoted wife, mother and grandmother. Respected elementary school teacher, principal and community organizer in the Wilberforce area. A member of the Order of the Eastern Star and the United Church Women, she enjoyed travelling and was a compassionate neighbour and friend who will be missed. Friends were invited to visit the family at the Gordon A. Monk Funeral Home Ltd., 127 Main Street, Minden K0M 2K0 (1-888-588-5777) on Friday, October 20th from 7 until 9 p.m. The Funeral Service was held at the South Wilberforce United Church on Saturday, October 21st, 2000 at 1 p.m., with visitation one hour prior to the service. Interment at South Wilberforce United Church Cemetery. If desired, Memorial Donations can be made to the Haliburton Hospital Auxiliary.

AT REST

CLARKE Lucille Doris

Passed away peacefully at the Hyland Crest Senior Citizens' Home, Minden on Sunday, October 15th, 2000 in her 97th year. Beloved wife of the late Patrick Joseph Clarke. Dear mother of Patricia and her husband Herschel Young of Nanaimo, B.C., and John and his wife Gloria Clarke of Toronto. Loving grandmother of Jason, Rachel, Bryan, Laura, Aaron and predeceased by grandson Graham. Great grandmother of eight great-grandchildren. Predeceased by one sister, Margaret. Friends were invited to visit the family at the Gordon A. Monk Funeral Home Ltd., 127 Main Street, Minden from 7-9 p.m. Tuesday. Then to Our Lady of Fatima Catholic Church, Minden for Mass of Christian Burial on Wednesday, October 18th, 2000 at 10 a.m. Interment at St. Peter's Cemetery, Peterborough. Memorial Donations to the Hyland Crest Senior Citizens' Home would be appreciated by the family.

AT REST

HARTIN, Earl Samuel

Passed away peacefully at his home in Kinmount on Friday, October 20, 2000 at the age of 86. Beloved husband of the late Hilda (nee Silvers) (1967). Dear father of Shirley and Ron Newman of Minden, Linda Berry of Guelph, Kathy and Clinton Puterbaugh of Kinmount and stepfather of Murray Young of Bancroft. Loving grandfather of Lori, Tracey, Charlie, Beverley, Kim, Dawn-Marie, predeceased by Kelly. Great-grandfather of Mellissa, Ashley and Mark. Dear brother of Mike, Joe, Bill, Ethel, Vera, Fern and predeceased by Clarence, Albert, Gladys and George. The family of Mr. Hartin received friends at the Illman-Platten Funeral Home, (Fenelon Falls Chapel), 8 Princess St. West on Sunday evening and Monday, October 23 from 2 to 4 p.m. and 7 to 9 p.m. Funeral Services in the Chapel on Tuesday, October 24 at 11 a.m. Interment at Kinmount Cemetery. Comrades of the Royal Canadian Legion, Branch #441 are asked to assemble at the Funeral home on Monday at 6:45 p.m. for a service at 7 p.m. Memorial donations to the Canadian Cancer Society and Arthritis Society would be appreciated by the family.
